

UNION CHIEFS ACCEPT PRESIDENT'S PROPOSAL FOR WAGE TRIBUNAL

Action of Union Officials will be Passed Upon at General Conference of Railroad Workers to Meet in Washington February 23—Result Uncertain.

BARKER POSTPONES STRIKE OF MAINTENANCE WORKERS

BULLETIN

DETROIT, Mich., Feb. 14.—The strike of 300,000 members of the Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, set for next Tuesday, was tonight indefinitely postponed by Allen E. Barker, international president of the union in accordance with the request of President Wilson that action be delayed until after the general conference of railway union committees on Feb. 23.

Mr. Barker's decision to delay the strike he announced, was taken on recommendation of the executive committee now in Washington to whom it appeared, he said, that late developments in their wage controversy tended to place the maintenance of way union in a position apart from the other unions and seemingly forgetful of public interest.

He maintained, however, that immediate relief must be had and that a strike as planned would have been fully justified.

Washington, Feb. 14.—The railroad wage controversy was referred today to a general conference of union committees called to meet here Feb. 23, for final decision to whether the demands for increased pay will be pressed on the government or passed on to the railroad corporations, soon to resume control of their properties.

Representatives of the fourteen unions whose spokesmen laid their claims before President Wilson yesterday have tentatively accepted the white house proposal for a tribunal, created either by law or on the president's motion, to consider the demands. Final word must come, however, from higher union authority of the conference of union heads.

While union leaders feared the effect of further delay on their membership, the possibility of a general strike appeared more remote tonight.

Officials of the Brotherhood of Maintenance of Way Employees and Railway Shop Laborers did not sign the letter accepting Mr. Wilson's proposal and their strike set for next Tuesday, was not called off tonight.

The president tonight supplemented the action of the union leaders with a telegram to A. E. Barker, president of the maintenance workers, asking him to hold a convention here February 23 for the purpose of carrying the matter into effect. I note with surprise and disappointment that your organization is the only one addressed which has not expressed its concurrence in this method of handling the matter and understand that no advice has yet been received of withdrawal of your strike order which was sent out several days ago. The director general of railroads explained this situation to your committee as soon as it presented to him advice of the strike order and he has since summarized the position of the government in a telegram to you which I fully endorse. I ask you to take at once the necessary steps to withdraw the strike order and to make sure that no interruption to transportation occurs on that account in this critical period. I feel sure that you and your associates upon full consideration will realize that you cannot in justice to your membership and the citizens generally of the United States persist in a course which is opposed to your obvious duty to the country to the direct and specific request of the government and also to attitude of all other railroad labor organizations, all for the mere purpose of objecting to the procedure I have proposed which is the only practicable method of obtaining a prompt and responsible settlement of the important wage questions now pending.

I also ask you to send my message and its inclosure to all your members and give them the opportunity of cooperating with all the rest of railroad labor in handling the matter.

(Signed) "WOODROW WILSON."

Assistance was given the union officials by the president in his proposal that he would provide machinery for dealing comprehensively with their claims; he proposed the naming of a commission of wage experts to begin compilation of data bearing on the

robbers.

DETROIT, Mich., Feb. 14.—Notice of the decision to postpone the strike was communicated to Director General Hines by Mr. Barker in the following message:

"In compliance with recommendations of the committee of brotherhoods now at Washington, I am indefinitely postponing the strike order which was to have become effective Tuesday, Feb. 17. However, I am confirmed in my belief that strike action would have been unjustified to force favorable action on the wage demands of the men for whom I represent. It is evident our committee did not desire that the Maintenance of Way Brotherhood should be driven into a position seemingly forgetful of the public interest due to unfriendly interests including the avenues of information by which the public can be reached the people being ignorant of actual conditions among those railway workers. I desire to impress upon you with all the force at my command the absolute necessity of relief for our members immediately if a more serious situation from which there will be no retreat is to be avoided."

THREATEN TO WIPE OUT ARMENIANS

(By The Associated Press)
BOSTON, Feb. 14.—Dr. James L. Barton, who recently returned from his mission as director of the relief commission in the Near East said today that while he was in Turkey threats were made openly that the Armenians would be wiped out as soon as the allied military forces withdrew. The threat, he said, was made in Cilicia, he thought, signaled a revival of atrocities due to the confidence of the Turks of the nationalist party that they would be secure for some time from outside restraint. He looks for further outrages.

GILBERT SPEAKS TO NEW YORKERS

New York, Feb. 14.—Economy by remorselessly cutting down expenses is the necessary duty of the government to avert the financial crisis which now threatens the country. Frederick H. Gillett, speaker of the house, declared tonight at a dinner of the Amherst association. Work and save, he added, should be the maxim of the American people.

BANK CONDITIONS.

New York, Feb. 14.—The actual condition of clearing house banks and trust companies for the week (five days) shows that they held \$23,162,160 reserve in excess of legal requirements. This is a decrease of \$3,769,220 from last week.

POLICIES OF NEW SUFFRAGE BODY ARE OUTLINED

Chicago Woman Permanent Chairman of Body

RESOLUTION SENT TO HAYS

(By The Associated Press)
CHICAGO, Feb. 14.—Elected permanent convention chairman of the League of Women Voters, meeting in connection with the last annual gathering of the National American Woman Suffrage Association Mrs. Carrie Chapman Catt today outlined the policies of the new organization and declared women should affiliate with the political parties.

Mrs. Catt's keynote address came at the conclusion of the first session of the new league, at which the work of organization was begun.

Today's meetings were concluded with a ratification celebration banquet at which prominent suffrage workers addressed the 2,000 delegates.

"There seems to be some misunderstanding regarding the League of Women Voters," Mrs. Catt declared in addressing the new body. "There is evident opposition largely political."

"Persons interested in enrolling members in their political parties are making rather cutting criticisms. They think the league will keep women out of politics. That must not be. The only way to get things in this country is from the inside of the political parties. More and more the parties have become the agencies for which powerful things have been accomplished."

"Women must get into the parties. Without us, we should continue to be auxiliaries. We've been sixty years urging men to include in the abilities of women. We've got to convert them."

"You have a struggle ahead. There are inner circles in the parties where you will not be wanted, but it is just there that you must go. There is a danger too that you will be too timid, too conservative. If you are going to trail along five years behind the parties it would be better that you never take up politics. Be live years ahead."

Mrs. Catt said she had been lighting for suffrage thirty years. "I have seen the first lap of the race," she said, "but can only look forward to the conclusion of the next. Young women must succeed me."

Only a start was made on the constitution of the league today. Affairs of the league, it was decided would be in charge of ten national directors elected for a five-year term.

The board of directors would elect a chairman, vice chairman and a secretary and also the treasurer of the League of Women Voters and would meet annually in each of the seven districts.

A national manager also will be chosen by the board to get the best available talent in the country."

Following the morning session at which a resolution praising Will H. Hays, chairman of the Republican national committee for aid rendered the suffrage cause was adopted, Democratic adherents complained openly that the convention had been packed with Republicans.

COMPLAINTS WILL BE INVESTIGATED

(By The Associated Press)
WASHINGTON, Feb. 14.—The coal strike settlement commission appointed a sub-committee today to investigate a complaint filed by operators of the central competitive field that the industry was in a critical condition due to the 14 per cent wage increase.

The operators' brief declared that the wage increase without a compensating adjustment in prices would force many mines to shut down.

The sub-committee consists of John P. Cameron, of Pittsburgh; C. E. Leshner, of Washington; D. C. Percy Tietlow, of Salem, Ohio; D. M. Reynolds, of Pasadena, Calif., and Paul White, Cleveland.

LIGHTWEIGHTS SIGN

Milwaukee, Wis., Feb. 14.—Lewis Edwards, champion lightweight boxer of Australia today signed articles to meet Ritchie Mitchell, Milwaukee, in a ten round no decision contest in Milwaukee on or about February 26.

HAS NOT RESIGNED.

Portsmouth, N. H., Feb. 14.—Lieut. Commander Thomas Mott Osborne, commandant of the naval prison here today denied that he had again submitted his resignation to the navy department.

STRIKE IN JAPAN

Tokyo, Japan, February 14.—Thirteen thousand workmen in the government iron foundry here went on strike without warning this morning.

EXECUTOR OF LINCOLN'S CONSPIRATORS IS DEAD

JACKSON, Mich., Feb. 14.—Lieut. Col. Christian Rath, veteran of the Civil War and executor of Abraham Lincoln's conspirators, died here this afternoon. He was born in Friedensburg, Germany, where he fought in a rebellion, during which he fled to America and immediately joined the navy.

He enlisted at the beginning of the Civil War in Company G, 17th Michigan infantry—Stonewall Regiment—and steadily arose from the ranks until he was commissioned lieutenant colonel, July 8, 1865, by President Andrew Johnson for special and efficient services during the confinement, trial and execution of Lincoln's conspirators. As a member of General Wilcox's staff he was appointed provost of the old penitentiary at Washington which had been used as a arsenal during the war. Burton Harrison, Jeff Davis' private secretary was his first charge. Later many more were brought in, including Mrs. Mary Surratt, who had kept a rebel house for the enemy during the war, and whose home was a rendezvous for the conspirators. There was also Herold, a companion of John Wilkes Booth; Atzerodt and Payne all of whom were hanged.

"Payne's grim humor could come pretty close to being gruesome," Rath has often told. "The death march to the gallows Payne who was bareheaded took Lieutenant Colonel McCall's new hat off his head and put it on his own. His head was large and the hat was too small, and he wore it until it was time to adjust the noose on his neck. It was not because of his lack of reverence but because of his great sense of humor. He was a good fellow. We used to pitch quoits in the yard together; he was always good natured."

"The morning of the execution, I had Lieutenant Colonel McCall lead Mrs. Surratt from her cell to the gallows as I didn't want an ordinary soldier to lay his hands on her."

Rath said he was simply over-run with volunteers to aid in the execution; seemingly they regarded it as an honor to serve in any capacity in avenging the death of Lincoln.

"Following the execution," said Rath, "I ordered the bodies cut down, put in boxes and buried. I took charge of Mrs. Surratt myself."

"I lifted her tenderly in my arms, her limp body bending as I held it. I removed the noose from her neck and with my own hands and alone placed her in the box. Colonel Watts, of Adrian, Mich., placed a bottle containing the names in each of the coffin and in an hour the terrible work of the day was at an end."

After the execution Rath was ordered to take care of Booth's body, which was supposed to have been thrown in the Potomac river, but which Rath secretly buried underneath the arsenal at Washington.

ROOT TO SIT ON WORLD'S COURT OF JUSTICE

Chosen By Council of League of Nations In Session at London.

London, Feb. 14.—(By The Associated Press).—The council of the league of nations transacted its first international business in St. James Palace today with the naming of Elihu Root as one of twelve international jurists to be invited to form a committee for planning the organization of a world's court of justice. The United States was not represented at the meeting.

Today's meeting was to make public and openly ratifying the results of the council's secret deliberations.

Arthur J. Balfour, who presided said he anticipated the league's future with the utmost confidence. If the experiences of the last few days are any indication of what it will do.

"If the nations of the world can all assemble and discuss questions in the future in the same business-like friendly and conciliatory spirit marking these proceedings," Mr. Balfour declared, "I cannot doubt that the service which the league is capable of rendering mankind is almost incalculable."

Leon Bourgeois of France, reviewing previous attempts to establish an international tribunal said:

"In spite of its title The Hague court is not a court of justice and is still less a permanent court. This league will be set free from all national preoccupations for the exercise of its sovereign jurisdiction, will be calculated to remove all anxieties and will guarantee against attack the principle of the equality of nations."

ATTACKS CONFERENCE OF MEX GOVERNORS

WASHINGTON, Feb. 14.—Governor Adolfo de la Huerta, of Sonora, Mexico, has issued a statement attacking the conference of governors in Mexico City called this week by President Carranza as a secret conclave to force agreement in advance of election procedure, according to advices from Mexico today. The governor denounced the convention because it would not agree to give each presidential candidate representation at the polls and said he refused to attend the convention or bind himself to respect its nefarious schemes.

Governors Enrique Estrada of Zacatecas, Ortiz Rubio of Michoacan, and Iribarne of Sinaloa, were said to have taken the same stand. These states are regarded as strong for Obregon.

GEN. DAVISON DEAD
Seattle, Wash., Feb. 14.—Brig. Gen. Peter W. Davison, U. S. A., is dead at Governors Island, New York, according to word received here last night by relatives.

General Davison was graduated from West Point in 1892 and served in the Montana Indian wars, the Philippines, Cuba, China and Alaska. Later he had charge of the debarkation of troops at Hoboken. He was 50 years old.

ACREST MANY IN FINLAND

Helsingfors, Finland, Feb. 14.—During the last few days more than fifty persons have been arrested in Finland charged with circulating bolshevik propaganda. In some places the agitators are said to have distributed arms and bombs. Several of those arrested are foreigners, who probably will be expelled from the country.

REACH AGREEMENT

WASHINGTON, Feb. 14.—An agreement with the American International Ship Building Company was reached today by the U. S. Shipping Board by which the board agrees to the land of the Hog Island ship yard at Philadelphia.

BILL REPORTED FAVORABLE

Washington, Feb. 14.—Favorable report was ordered unanimously today by the senate agriculture committee of the revised Kenyon-Kendrick bill providing for federal regulation of the meat industry.

LITTLE CHANGE FOR AGREEMENT ON PEACE TREATY

Senators Discuss Revised Article Ten Reservations

DEBATE WILL START MONDAY

(By The Associated Press)
Washington, Feb. 14.—Peace treaty negotiations still stood at an impassable tonight with opinion among senate leaders divided on the possibilities of a compromise when the treaty is taken up again next week.

Discussion centered today on the two revised article ten reservations submitted yesterday by Senator Hitchcock the Democratic leader, but there was little disposition by Republicans to accept either of the proposals.

The Republican leaders said no formal reply had been made to Senator Hitchcock and that there would probably be none.

Virtually the only difference between one of the Hitchcock proposals and the new Republican reservation recently proposed, it was pointed out, is the insertion in the latter of the words or "by any other means."

There was no assurance that the leaders of either party would accept such a proposal.

FARM LABOR BODY CLOSES SESSIONS

(By The Associated Press)
Chicago, Feb. 14.—Resolutions for the advancement of the cooperative movement in America and for legislation favorable to farmers and working men were passed today at the final sessions of the National Farmer-Labor Cooperative Congress.

One provides for the appointment of a committee to secure federal and state laws which shall put cooperative enterprises on an equal footing with other business.

Another resolution calls for the study of cooperative production by a committee of technical experts.

A system of cooperative daily newspapers, a press service and a pulp mill to furnish white paper are called for in another resolution.

It was also recommended that all cooperative stores adopt uniform decorations, cost marks, trade marks and wherever possible, uniform systems of accounting.

The Kenyon-Anderson bill providing for government control of meat packers was endorsed.

Another resolution asked that the German ships be retained by the government.

JUDGE SMITH DENIES PETITION OF ROUSH

(By The Associated Press)
SPRINGFIELD, Ill., Feb. 14.—Judge E. S. Smith of the Sangamon circuit court today denied the petition of J. W. Roush, an attorney of Morris, Ill., to file a motion for a writ of habeas corpus against State Senator Edward C. Curtis of Grant Park, as a delegate to the constitutional convention.

Judge Smith granted a motion for an appeal to the supreme court.

Mr. Roush was defeated by Senator Curtis in the primaries at which delegates to the constitutional convention were nominated. In his petition he alleged Senator Curtis could not constitutionally be a delegate to the convention while he is a member of the general assembly.

DEMOCRAT ELECTED FROM MISSOURI

(By The Associated Press)
Excelsior Springs, Mo., Feb. 14.—The election of Captain J. L. Milligan, Democratic candidate and league of nations advocate over John E. Frost, Republican and league opponent, as representative in congress for the third district was conceded at 9:30 o'clock tonight, by W. L. Coles, chairman of the Republican state committee.

Captain Milligan's majority, Chairman Coles said, will be between 1,700 and 1,800. The election was to choose a successor in congress to Secretary of Commerce Alexander and the league of nations was the dominant issue in the campaign.

PUSHAND GIVEN ALIMONY

Cleveland, O., Feb. 14.—Forest A. Bidwell, 59 of London, Ohio, was granted \$75 a month alimony and Mrs. Mary Bidwell, 59, of Cleveland, was granted a divorce by Common Pleas Judge Eans today in a suit for separation filed by the wife. Alimony payments cease if Bidwell marries again.

VLADIVOSTOK OUIET

Vladivostok, Feb. 14.—(By A. P.)—Revolutionists controlling Vladivostok are cooperating with American and Czech officers in the evacuation of the allied troops. After a week's occupation by the revolutionists Vladivostok is again quiet.

WASHINGTON OFFICIALS DISCUSS SUCCESSOR TO EX-SECRETARY LANSING

Polk, Davis and Wallace, Foremost Among Those Mentioned—Sensation Discussed in Congress With Avidity in the Cloak Rooms—Break Has Been Raging Since 1917.

ROW WILL HURT CHANCES FOR PASSAGE OF TREATY

WASHINGTON, Feb. 14.—Under-Secretary Polk, John W. Davis, ambassador to Great Britain and Hugh C. Wallace, ambassador to France, are foremost among those being discussed to head the state department as successors to former Secretary Lansing who announced his resignation after a dramatic clash with President Wilson.

Altho it is known that Mr. Polk had determined to return to private life and practice law, some friends of the administration were hopeful that he might be induced to serve out the unexpired term of his former chief. The Lansing resignation furnished official Washington with a sensation unparalleled since William J. Bryan departed from office. The statement of Secretary Lane who is leaving the cabinet March 1 that he felt an equal responsibility with Mr. Lansing for holding the cabinet meetings to which President Wilson objected seemed to add possibilities of further cabinet resignations for a time, but this was disposed of by a statement at the white house that there were to be no further retirements as a result of the incident.

Congress discussed the sensation with avidity in the cloak rooms but the subject did not come up in debate on the floor of either house or senate. Such comment as was made was more or less divided, opponents of the treaty praising Mr. Lansing's course, and others recalling that one of the president's prerogatives is to select the members of his own cabinet.

Row Started in 1917.

The row served to bring to public light much that has been going on under the surface since President Wilson fell ill, and the principal effect was to emphasize that President Wilson and his former secretary of state were at loggerheads on many important subjects even after the United States went into the war in 1917 and that those disagreements were on fundamental questions of policy, continued through the peace negotiations at Paris and even into the handling of the Mexican situation since the president has been sick.

Mr. Lansing's friends say that in calling the cabinet together he was acting with precedent to support him, and that altho as ranking officer of the cabinet he actually called the meetings, other members of the cabinet, agreed in the procedure.

The under-the-surface-discussion of the incident, however, the sort which goes on between officials and is not intended for publication—connects at least the first of the cabinet meetings last October with the speculation which was going on at the time as to whether Vice President Marshall ought to be called upon to take over the duties of the presidency. While it is known that the subject never came up actually at a meeting of the cabinet it is also known that it was discussed privately, and that some of the reports taken to the president included Secretary Lansing's name among those discussing that probability. Mr. Lansing was not at the department today and it was understood was preparing to go to his own in Watertown, N. Y. for a vacation rest.

Wilson's Friends Comment.

The president's friends made the occasion one to observe that he president's action served to emphasize that why he may be physically he is in full possession of all his mental faculties.

To the senate whose struggle with the peace treaty had given it some insight into the condition of foreign affairs the revelation of President Wilson's disagreement with his secretary of state caused less surprise did the time and manner of the final break between them. Privately many

One Jacksonville man is said to have already ordered for early delivery his next winter's supply of coal. This citizen must either have a premonition that the winter of 1920 is going to be severe and fuel scarce, or possibly he has sensed the inevitableness of higher freight rates.

Wholesale prices of foodstuffs have dropped in the city markets about ten per cent during the last week. The benefit has not yet reached the consumer but it will do so at no very distant day if the men who control the markets do not happen to take a notion to send the prices upward again.

Chicago people talk a lot about their city and are always boasting for it. One thing must be said to their credit, they are consistent in the whole matter and their home enthusiasm doesn't take form in words only. Big business men there have agreed on a \$4,000,000 campaign to advertise Chicago, to be spent at the rate of \$1,000,000 a year.

Keensighted business men in a city with more than 2,000,000 pop-

ulation see the need for publicity. Yet occasionally one still finds a merchant who says there is no use in advertising, that everybody who would buy from him knows where he is located and what he has to sell.

People were complaining last night because of the wintry wind and the promise of some really cold weather for the next day or two. There is no use finding fault about this drop in temperature, for it may be the very thing needed to kill off the flu germs. Then if you despise winter weather, just remember that spring will be officially here in just a little more than four weeks, so that not much of winter is possible.

In Missouri figures have just been published to show that the increase in teachers' salaries in that state has been just 11 per cent since 1914. In the same period living costs have increased about 80 per cent, so there is no wonder that the Missouri pedagogues have organized and are conducting a vigorous campaign for legislation that will permit increased revenue and better salaries.

PUTTING THE CITY FIRST.

It is worthy of comment that the suggestion of leaving the field clear for the aldermen whose terms of office expire this year, was made Friday night by Edward Longergan. In the election last spring Mr. Longergan was one of the Democratic nominees and was defeated in the election by a comparatively small majority.

It is indicative of the present spirit in Jacksonville that a defeated candidate, one who in previous years has represented his ward in the council, now comes forward with the suggestion that the men in office are doing well for the city. He says that others

cannot reasonably be expected to do better and that the right policy from a "for Jacksonville" standpoint is without opposition to return these men to the council.

It is that spirit of putting aside matters of personal preference or ambition and thinking first of the common good, that is going to be very helpful to this city.

THE STATUS OF THE STATE TEACHING FORCE

How the schools of Illinois will keep open next year is the question over which the county and city superintendents of schools in the state are burning midnight oil these days. Only by great efforts have these officials maintained the schools at anything like standard form this year and with one accord they prophesy a most serious situation when the 1920-21 school year opens next fall. For on that day they declare the teacher shortage which has so handicapped public education this year will be increased to such an extent that many schools may not be able to open at all.

The exact situation over the state is for the first time revealed by data sent first-hand from the county and city superintendents to an educational committee for the state which is gathering statistics in all parts of the commonwealth.

William Miner, Superintendent of the Jefferson County schools reports "Our situation is very serious, I do not know how our schools will be equipped with teachers next year." Grant Baldwin, Superintendent in Edward County says "In order to have school at all now, we have to issue temporary certificates to untrained youngsters. There is no relief in sight for next year."

Jesse L. Smith, Superintendent at Highland Park summarizes difficulties there, "I do not expect to be able to replace valuable teachers that plan to leave at the end of the year."

R. H. Johnson, Superintendent of DeWitt County writes, "We are in a most serious predicament. Next year the supply of teachers will not begin to meet our demand." Oscar L. Minter, Superintendent of Cook County reports "Poor pay is responsible for the use of inexperienced persons in teachers' positions, persons with little or no special preparation. Our difficulties in 1920-21 will be much greater."

K. D. Waldo, principal of the Aurora High School says "The teacher shortage is getting worse constantly." William Small, Superintendent of Marshall County, says "We are extremely short of competent teachers and could use 25 next year if we knew where to get them." Walter E. Buck, Superintendent of Cass County answers the question with, "We can barely run now with emergency certificates in large use. Our shortage will be greater next year."

THINKING ABOUT "THE OTHER FELLOW."

There was one member of the "mosquito" police force who did not attend the municipal dinner Friday night. This traffic cop was none other than M. C. Hook, who instead of occupying a chair at the dinner table, chose to serve temporarily as desk sergeant at the city hall. Mr. Hook thought every member of the regular police force should have the privilege of attending the dinner and so he suggested to Chief of Police Kiloran that he would be glad of the opportunity to remain "on watch." The incident is important merely as it shows this same matter of "spirit."

STEWARDSHIP AS THE CHURCHES SEE IT

A unique and fitting nationwide church observance of Washington's birthday will be held this year in connection with the Inter-church World Movement. February 22 falls on Sunday and on that day will culminate the Interchurch four-week educational campaign in "stewardship"—that is, the doctrine that God is the owner of all things and that the man who possesses anything is but a steward accountable to God for that possession.

Representatives of various churches, at a conference held in New York City, designated February 22 as "Nation-wide Stewardship Acknowledgment Day." On the birthday of the Father of His Country, the man who placed his life and his personal fortunes at this disposal of his country, the churches will emphasize in serious the obligations of their

communications to render an accounting to God of their possessions—to help forward by financial contributions the great evangelistic, educational, hospital and social service program of the Interchurch World Movement for which more than \$1,000,000,000 will be needed.

In this connection the Interchurch Movement directs attention anew to the fact that the federal government exempts from income taxation up to fifteen per cent of income contributed to religious and philanthropic causes. It is believed that many persons will not be content merely to contribute a tithe of their possessions to the movement but that many will equal or exceed the fifteen per cent of income exemption.

NIGHT FIREMAN

Wanted. Address W. H., Care of Journal.

OBITUARY.

John Alfred Dunlap, only son of John Henry and Mary Elizabeth Dunlap, was born December 24, 1896 near Alexander, Sangamon County, Ill. His entire life has been spent in and around Alexander, receiving his education in the public schools. In 1908 he united with the Alexander M. E. church.

He was in good health until a little over a week ago, he went on a trip to Detroit and by the time he reached home had developed pneumonia, which caused his death Tuesday February 10, 1920.

He was given every care possible until the end came. By his kind and cheerful disposition he had won and retained the friendship of all who knew him, always looking on the bright side and always considerate and faithful to his mother and sisters.

Surviving are his mother and three sisters, Mrs. George Mosley of Pisgah, Mrs. Newham Oddy, of Jacksonville and Mrs. George Wackerle of Alexander and other relatives and a host of friends. Funeral services were held at his mother's residence in Alexander 10 a. m. Friday in charge of Rev. W. E. Keenan of Bismarck with burial in Wood Wreath cemetery.

The flowers which were many and beautiful were cared for by Mrs. George Ruble, Mrs. Bert Davenport, Miss Minnie Ludwig and Miss Mary Hohman. The bearers were George Kirby, Edward Young, Wm. Collwell, Rufus Jarrell, Harry Foster, and Frank Weigand.

In Memory.

A precious one from us has gone.

A voice we love is stilled, A place is vacant in our home which never can be filled.

God in his wisdom hath recalled. The boon his love hath given and though the body slumbers here.

The soul is safe in heaven.

Births

Word has been received of the birth of an eight and one-half pound son to Mr. and Mrs. Benjamin Correa of Hanover. On this account Mr. and Mrs. Correa were unable to attend the funeral of his mother, Mrs. Joseph Correa.

The Alexander Co-Operative Grain Company will sell at Public Auction the livery barn formerly belonging to C. M. Strawn on Monday, Feb. 16th at 2 o'clock at Alexander. C. M. Strawn, Auctioneer.

ATTENDING HOUSE PARTY IN SPRINGFIELD

Miss Anna Frances Bradley West Colleg avenue, and her guest Miss Ethel Carter of Waverly, Ivan Rossiter and Carl Black, went to Springfield Friday to attend a house party at the home of Mr. and Mrs. J. W. Brockman. They will return this afternoon.

NAMES FOR NEW LAKE

Robert Runkel of East Chambers street has suggested the name "Lake Beauty" for the new dam.

Editor Journal:—

As it seems the custom now to propose a name for our new lake. Why not perpetuate the name of the best governor Illinois ever had and call it "Lowden Lake" or "Lake Lowden"? Simple, brief, alliterative.

LILLIAN I. DANKIN.

Meredosia, Feb. 12, 1920.

Editor Journal:—

As we should give honor where honor is due, why not in the case of naming the lake? As the foundation of everything is farming, and as no one is more responsible for the upbuilding of Jacksonville than Jacob Strawn, why not name the lake "Strawn Lake." Or is there no such thing as a farm hero?

One who thinks the farmer should have some honorable mention.

Editor Journal:—

I have noticed a number of names suggested for the new lake, some good ones, others not so appropriate. Let's name it Mauvaisterre Lake, a beautiful Indian name, a little hard to spell and pronounce but which is equal or superior to Minnehaha. Lake Luna looks like a joke, but would be a good name if the lake went dry. Union lake, Clear lake, etc., such names are distanced already.

Jackson lake would be very appropriately chosen in honor of our city. Mauvaisterre lake, named after the Mauvaisterre creek, would be most appropriate.

Yours truly,

Irvin W. Cully,
1159 W. Lafayette Ave.

Lakaplenta.
Now we have a lake of water That is worthy of a name, Echoes from each man and daughter Till we almost go insane.

So a name that's due and proper, Searched out of some ancient lore, By every school boy, dame and copper, Are wished upon it by the score.

Every name in ancient history, Geography and Blackstone too, Have ceased now to be a mystery, For we have their point of view.

Some would build a wigwam by it, Give it Indian names galore, Others have a taste for nicanacs Purchased at the candy store.

Many a word with various meaning, Some majestic, some sublime, Some toward the Scripture leaning, Others toward the heavens incline.

Plenty of names that would likely do, This surely won't be a surprise, For there's plenty of water and taxes too, If you allow me a chance to surmise.

Lakaplenta—I'm sure is befitting, I trust Lakaplenta will do, For now that my rhyme I am quitting, I submit "Lakaplenta" to you.

A Reader, Manchester, Ill.

SUGAR DRAWING HELD BY TAYLOR.

On Saturday night the drawing for the sugar offered by the "Shop-Aid" grocery was held. Messrs. Merrigan, Heint and Lane, being the committee in charge. The winning numbers are as follows: 3013, 50 lbs., 1587, 25 lb., 2824, 15 lbs., and 1993, 10 lbs. Mr. Taylor, the proprietor of the store, stated that if the winning tickets are not presented by next Saturday night the sugar unclaimed will be divided between Our Savior's and Passavant Hospitals.

WILL HAVE NEW HOMES
Ira Patterson and family of South Diamond street will soon remove to a house on West Walnut street near its junction with Caldwell. Mr. Patterson has purchased this house and ten acres of land adjoining it. Not long since C. H. Story sold the tract to T. J. Wilson and then came the sale to Mr. Patterson. By the terms of the deal Mr. Wilson takes over the Patterson house on Diamond street.

FORMER WINCHESTER RESIDENT DIES

Death of Mrs. Alta Gimble Occurs at Home in Beardstown—Williams Funeral Sunday at 12 o'clock—Other News Items.

Winchester, Feb. 14.—Relatives here received a message Saturday telling of the death of Mrs. Alta Gimble, nee Miss Lucille Crabtree, at her late home in Beardstown, Saturday at one o'clock a. m. The remains will be brought to Winchester, on the early train Sunday morning by the family and the funeral will occur Monday afternoon at 2:30 o'clock at the Christian church. Rev. F. M. Crabtree of Jacksonville, will officiate, assisted by Elder J. H. Coats.

Mrs. Gimble had resided in Winchester nearly all her life and was well known here. She attended the local public schools, and has many friends who will deeply regret to learn of her death.

Miss Lucille Bishop left Friday afternoon for St. Louis to spend the week end with her parents. Judge Bonney of Quincy was a business visitor here Friday and while here sold his property on West Cross street to Harvey Smith.

The funeral of the late Charles Williams will occur at the residence of his mother, Mrs. M. E. Williams, Sunday at 12 o'clock noon.

Mrs. Dora Northcott and daughter Gladys have moved into the second story of the Longnecker building.

Miss Dorothy Oehler arrived home Friday night from Manchester, where she is employed as teacher. She expects to return to Manchester Sunday afternoon.

Mrs. J. E. Coultas will leave Monday morning for St. Louis to purchased goods for her millinery store.

Mrs. J. W. Eckman has returned from a visit in Denver, Colo., at the home of her sister, Mrs. George Roerig and family.

Albert Coultas and family were visitors in Jacksonville Saturday.

T. J. Priest has purchased the property of the late George Colling in the northeast part of town.

George W. Hogan has sold the Mrs. J. B. Mayes property to Mrs. A. L. McCaulley of White Hall. Mr. Hogan has also sold the Henry Harder property where the farmers telephone office is located, to George VanGundy of Bluffs.

Allison Thompson of Markham precinct called on Jacksonville friends Saturday.

GET ACQUAINTED WITH YOUR BODY

A great deal of physical distress is the result of an interference with Nature's way to keep the body in health. For this reason the more one knows about the body the better chance there is to resist disease and enjoy health.

The human structure is so constituted that it is unnatural for disease to creep in. The nerve system is designed to give health to all organs and keep them in repair. But Chiropactic that wonderfully successful drugless health science, has discovered that disease of any part of the body, headaches, stomach trouble, rheumatism, etc., is due to an interference with the flow of nerve energy to these affected organs, caused by the pressure of the bones of the spine on certain nerves. The Chiropactor detects defects in the spine and by scientific adjustments relieves the pressure and removes the cause of the trouble.

When the distribution of energy is restored to normal, the weak and diseased organs are again supplied with sufficient power and the natural healing forces build up and strengthen them. Health follows naturally. Every progressive, thinking man and woman should know about

CHIROPRACTIC

THE BETTER WAY TO HEALTH

and learn more of the mechanics of the human body. Such knowledge will be great benefit now and in the future, and especially when illness threatens. Chiropactic (KI-RO-PRAC-TIC) has helped thousands back to health and strength, and it will

FLAVOR

is the result of jealous care at every stage of the milling of "Cainson" Flour.

Only the finest of wheat is selected for "Cainson" Flour. The "Cainson" mills are the equal of any in the world, and experts control, and chemists supervise, every process.

The result is a distinctive richness of flavor in breads and biscuits made of "Cainson" flour—to say nothing of the assurance of purity and quality natural to this careful milling.

If "Cainson" does not please you on the first trial, return the unused portion of the sack and the grocer will give you back your money.

Funerals

Thompson.

Funeral services for Mrs. Margaret Thompson were held from the residence, 1440 South Diamond street at 10:30 o'clock Saturday morning in charge of the Rev. M. L. Pontus pastor of Central Christian church.

Music was furnished by Miss Cora Graham, Mrs. Mae Hitt, T. H. Rapp and James Guyette. The flowers were cared for by Miss Shirley Murgatroyd and Miss Ellen Cruzan.

Burial was in Diamond Grove cemetery the bearers being, Homer Faxby, Arthur Vannier, C. W. Boston, Frank Leach, James Baxter and Charles White.

Scott.

Funeral services in memory of Charles E. Scott were held Saturday afternoon at the home of his father, Ezra C. Scott, on South Main street. There a large company of friends and relatives assembled to take part in the services, which were in charge of Rev. T. H. Tull and Rev. J. O. Kirkpatrick.

Rev. Mr. Kirkpatrick offered a fervent prayer and read suitable passages from the Scripture. Rev. Mr. Tull read obituary facts and said the story of such a life left little to be said. Mr. Scott was a man of high ideals and he was true to those ideals in his every day life.

Mr. Tull referred to the comfort that comes to those who hold the Christian faith at the time of sorrow and said that while there may be weeping here, that there is real brightness in the other world. Things here are transitory while they are eternal over there. He closed his remarks with prayer.

Then the cortege moved to Asbury cemetery and Mr. Scott was laid to rest in a flower covered grave. Rev. Mr. Tull conducted the committal service. The bearers were for the most part long time neighbors and friends of the deceased, Henry McDevitt, Robert Smith, Edward Barrows, William Scott, J. C. Scott and F. M. Masters.

Music was furnished by Miss Cora Graham, Mr. and Mrs. Samuel Darley and C. A. Rowe, with Mrs. F. J. Blackburn at the piano. The flowers were in charge of Misses Ruth Hembrough, Margaret Camm, Laura Willard and Mrs. Blackburn.

The following was the obituary notice which Rev. Mr. Tull read: Charles E. Scott, son of Ezra C. and Mary Scott, was born near Franklin, Morgan County, Ill., March 24, 1873, and February 6, 1920 at 10 p. m. in Del Norte, Colorado, "he was not for God took him" being at the time of his death 46 years, 10 months and 13 days of age.

When 16 years of age he dedicated himself to God and united with the Durbin M. E. church which relationship he held until 1904 when he moved to Del Norte, Colo., to make his home, transferring his membership to the M. E. church there, where he was a faithful member until the time of his death, serving on the Official Board for twelve years and as Sunday School superintendent for ten years.

He received his education in the Morgan County public schools and Whipple Academy and Business College, Jacksonville, Ill.

His youth and young manhood were spent on a farm near Franklin, Ill., until 1904 when he went to Del Norte, Colo., where he has since made his home. Soon after removing to Colorado he entered into the Abstract business which occupation he followed until Jan. 1, 1920 when on account of his health he transferred it to other parties. In his business life as in his Christian life he was honest and true.

June 1, 1898 he was united in marriage to Mabel J. Palmer. To this union were born two children, Amy and Ellsworth. In May, 1904, after several months illness, his wife died, leaving him with two small children.

Near Jacksonville, Ill., August 29, 1906, he was married to Annette B. Blackburn. To this union were born four children—Carlyle, Mary Frances, Annabel and Charles, Jr., who with their mother and Amy and Ellsworth are left to mourn the loss of a devoted companion and a kind and affectionate father.

He also leaves a father, Ezra

"The Banker"

It isn't often that one reads pleasant words about bankers—except after they are dead. Politicians are free to make capital by denouncing them, and too many have been all too willing to agree with the politician.

The fact of the business is, and it will be readily apparent to every man or woman who thinks over it for a while, there is in no community a man who does more for that community and takes as little out of it as the banker. You go to a lawyer for advice, and even though you may not act on that advice, he charges you for it. You are in doubt as to money affairs, maybe you stand to lose several thousand dollars in a transaction, and you consult a banker. He sits down with you, gives you freely of his time that is worth good money to him; he gives you the benefit of counsel that he has been years in learning, and you depart on your way with a mere thank you. And too often you forget before the end of the week that the banker did you a favor.

The banker has won the respect of his community simply by playing square with the public, and by devoting all the time he can possibly spare by making that community a brighter and better place in which to live. He stands willing to sacrifice his time and spend his money for the townspeople and the rural residents who could hardly carry on their business without his advice and friendship.

We believe the community of Jacksonville has ever found the bankers of the city and county ready and willing to assist not only their own customers, but those of other banks at any and all times, and to the best of their ability.

So, the next time you hear someone berating the bankers—don't waste your time. Do what sensible men should do under such circumstances—turn on your heel and walk away.

F. G. Farrell & Co.

"A Bank of Service"

C. Scott, a brother, Jonas of Jacksonville, five sisters, Mrs. Margaret Hembrough, Jacksonville, Mrs. Katie Camm and Mrs. Mae VanWinkle, both of Franklin, Ill., Mrs. Emma Jennings, Atlanta, Ga., Miss Jeannette Scott, Cedar Rapids, Iowa. He leaves other relatives besides hosts of friends both in Morgan County, Illinois and Rio Grande County, Colo.

In December last, Mr. Scott suffered an attack of pneumonia from which he recovered sufficiently to attend to business, but his sickness had left him with a weak heart and at the advice of his physicians he was preparing to take a trip to a lower and warmer climate when on January 30 he was again stricken with influenza which developed into pneumonia and after two days of hard fighting and all that medical skill and loving care could do he succumbed to the disease.

Mr. Scott was rational almost to the last—among his last words were "We are finishing our work." He had passed on to meet mother, sister and two brothers and await the coming of loved ones.

UNION CHIEFS ACCEPT
PRESIDENT'S PROPOSAL
FOR WAGE TRIBUNAL

(Continued from Page One)
The controversy. The president said he was "certain it is apparent to all reasonable men and women * * * that these momentous questions must be dealt with by an agency which can continue to function after March 1."
"I wish therefore," he said, "to announce to all railroad employees at this time that I propose to carry out the following steps:
"(1)—In the event that in connection with the return to private control provision shall be made by law for machinery for dealing with railway matters, I shall promptly use my influence, and so far as such law confers power upon me, I shall promptly exercise that power to bring about the earliest practicable organization of machinery thus provided.
"(2)—In the event that no such provision is made by law for dealing with these matters I shall employ the influence of the executive to get the railroad companies and railroad employees to join promptly in the creation of a tribunal to take up these problems and carry them to a conclusion.
"(3)—I shall at once constitute a committee of experts to take the data already available in the various records of the United States railway administration in-

cluding the records of the Lane commission and of the board of railroad wages and working conditions and to analyze the same so as to develop in the shortest possible time the facts bearing upon a just and reasonable basis of wages for the factors reasonably bearing upon the problem and specifically to the factors of the average of wages paid for similar or analogous labor for other industries in this country the cost of living and a fair living wage so as to get the problems in shape for the earliest possible final disposition. The views of this board will serve as a guide to me in carrying out the assurance I gave to the employees last summer that I would use the full influence of the executive to see that justice was done them and will, I believe be a means of avoiding what might otherwise be a long drawn out investigation of facts."
Mr. Wilson said he recognized the necessity for disposing of the problems without further delay but asked the continued cooperation of the unions and requested them to use their influence in obtaining a recall of the strike order issued by the maintenance workers.
"These important wage matters," he said, "ought to be disposed of on their merits at the earliest practicable time."
The readjustments of living costs could not come with rapidity. Mr. Wilson explained, but added his belief that efforts to force prices were having a beneficial effect.
The union reply expressed gratification with the president's recognition of "principles" which

have a bearing on their demands but added that there was a pressing necessity for immediate relief.
"We feel justified in saying," the union answer continued, "that we do not believe employees will countenance any plans which contemplate further delay."
"It is our earnest conviction that the situation warrants us in urging that you promptly indicate to railroad labor that you will create by agreement a special tribunal to deal with specific and important problems."
A set of principles with which the tribunal is asked to deal from the union view were outlined as follows:
1.—Rates of pay for similar or analogous services in other industries.
2.—Relation of rates of pay to increased cost of living.
3.—A basic minimum living wage sufficient to maintain a railroad man's average family upon a standard of health and reasonable comfort.
4.—That differentials above this basic minimum living wage be established giving due regard to skill required, responsibility assumed and hazard incurred; decision to be handed down within sixty days after agreement to establish it and to be final and binding upon all railroads in the United States and employees whom we represent.
In a statement, supplementing their letter to the white house, the union officials declared their conviction, that a settlement of the controversy along any lines other than on the principles they set forth would be at best, a makeshift.
They declared those principles to be fundamental and appealed to the public "not to fear that any wage increases granted us will prove a step in the so-called vicious cycle."
"It is senseless pyramiding of profits, and not the increasing circle of costs incident to giving labor a living wage that the public should be on guard against," the statement said. "Labor assured of uniformly fair treatment and relieved of distress and worry due to inadequate wages, will always, thru greater efficiency and a desire to return

WASHINGTON OFFICIALS
DISCUSS SUCCESSOR TO
EX-SECRETARY LANSING

(Continued from Page One)
Democratic senators expressed regret that the resignation came just on the eve of another effort to ratify the treaty.
Senator Norris, Republican of Nevada, one of the "irreconcilables" said in a statement the secretary's resignation showed that the mental expert that has been employed at the white house has been discharged too soon.
Thruout the treaty controversy the tendency of the Republicans has been to exculpate Mr. Lansing from any blame having been attached to the peace negotiations and when the secretary appeared before the foreign relations committee last summer there was said to be a general understanding among Republican members that he was not to be cross-examined and put in an embarrassing position over questions about which he indicated that he was permitted by the president to know nothing.
Treaty Foes Talk.
"I apprehend that neither the president nor Mr. Lansing if they were free to speak would deny that it was Mr. Lansing's dissatisfaction with the treaty and his pronounced condemnation of it which had most to do with bringing about his resignation," Senator Borah, Republican of Idaho, another irreconcilable said in a statement.
"Never in the history of the world has there been a treaty so rapidly disapproved either by those who had to do with writing it or by those who had to do with passing judgment upon the ones who wrote it," he added.
"Bullitt, emissary to Lenin and Trotsky, resigned. Lansing has resigned. Clemenceau has retired. Orlando was retired. Lloyd George has stated that he expects to go next."
Representative Mason, Republican of Illinois, introduced a resolution to have the house foreign affairs committee to investigate "this tempest in a tea pot between the ex-secretary of state and the president of the United States." It went into the hopper without speeches or debate.

MR. HAWLEY DEAD
AT MATTOON
Mrs. W. H. Cocking of Sandusky street received a message Saturday telling of the death of her cousin, J. B. Hawley in Mattoon Friday. Mr. Cocking left Saturday for Mattoon to attend the funeral services. The deceased, who was proprietor of a cafe at Mattoon, had for a number of years been an invalid and his death was not altogether unexpected. He was a widely known and popular citizen of his home community.

EMERGENCY FLEET
CORPORATION TO MOVE
Philadelphia, Feb. — The Emergency Fleet Corporation, that mighty shipbuilding arm of the government which, headed by Charles M. Schwab, came here from Washington in June, 1917, will move back to the national capital on April 1.
Its present head is Judge J. B. Payne. Only about one-third of his 1,700 stenographers, clerks and accountants to Washington have expressed a willingness to go back. The chief problem in Washington is said to be housing.

TRANS-HEMISPHERE
TRUNK LINE PLANNED

Engineers Claim Rail Journey from the Arctic Circle to the Tip of South America Could Be Made in from 10 to 18 Days.
New York.—Realization of the dream of a railroad from "Hull's Bay to Patagonia and Buenos Aires" has been brought nearer as a result of the recent Pan-American Financial Conference in Washington, according to Charles M. Pepper who, in 1903, was appointed by President Roosevelt under authority of congress to visit the several countries from Mexico southward and report on the project.
A journey by rail from the Arctic Circle to the tip of South America — approximately 10,000 miles — could be made under good traffic conditions, it has been estimated in 16 to 18 days. At present 24 days are required for the 5,871 mile sea voyage from New York to the capital of Argentina.
This dream of a trans-hemisphere trunk line, running almost the entire length of the two American continents, was born in the brain of Hinton Rowan Helper, a writer and former United States consul in South America, more than 50 years ago. The late United States Senator Henry Gassaway Davis of West Virginia, a practical railroad builder, saw its feasibility, and, with Andrew Carnegie and other wealthy Americans, gave the idea a fresh impetus. James G. Blaine also once advocated it.
The project, however, received first definite form at the International American Conference held in Mexico City in 1902 when it appointed a permanent Pan-American Railway Committee composed of prominent citizens of the United States and diplomatic officials of Latin American countries. Former Senator Davis and Mr. Carnegie were members of it. Later, as the envoy of the president and the representative of the committee, Mr. Pepper went to Central America and South America and, after visiting the various countries for a year returned and made a report which has been the basis of subsequent discussion and legislation.
The general idea outlined in the Pepper report was that the different South and Central American nations in their railway construction should give special attention to the links in a through international trunk line to the north and south which ultimately would be joined. Attention was also given to the building of branch lines and "feeders", especially in South America, on the theory that in time there would be through lines from the Atlantic to the Pacific which would form interlocking systems.
Subsequent Pan-American conferences held at Rio Janeiro and Buenos Aires approved the idea and continued the Pan-American Railway Committee. The International High Commission, now renamed as the International High Commission, which was the outgrowth of the first Pan-American Financial Conference held in Washington in 1915, also approved the project and urged its support by the various Republics.
"In the 18 years since the plan was endorsed by the Mexican Conference," explained Mr. Pepper, "considerable progress has been made in joining up various railway sections. Chile has completed a longitudinal line from Puerto Montt in the south to the railways in the north which form junctions with the main trunk of the Pan-American system.
"The Transandine line, from Valparaiso to Buenos Aires, also has been completed while the lines joining the Brazilian systems radiating from Rio de Janeiro have been finished so that they form junctions with Uruguayan and Argentine lines.
"The Argentine line was finished to the southern border of Bolivia at La Quiaca several years ago while Bolivia closed up most of the links in her Pan-American trunk line. There are now less than 125 miles in Bolivia to be completed, some of which is also graded, in order to provide thru railway connection from Buenos Aires to La Paz and to the Pacific. It would cost approximately \$5,000,000 to complete it.
"The group committee on Bolivia at the recent Pan-American Financial Conference recommended that a loan be granted Bolivia for the purpose of completing this link. It was explained that the gauge was the same as that of the Argentine lines and an arrangement by which Bolivia could use Argentine rolling stock was suggested.
By a coincidence Mr. Pepper, who made the Pan-American Railway report under President Roosevelt, was a member of the group committee on Bolivia. He also was railway adviser to the committee on transportation. This committee adopted a resolution offered by Martinez Vargas, of Bolivia, for calling a Pan-American Railway Conference further to consider the subject of railway operation, interchange of traffic, standardization of rates and financing. This resolution, as amended by the committee on resolutions and adopted by the recent conference, provided for referring the calling of such a meeting of Pan-American representatives to the Inter-American High Commission. Just when the trans-hemisphere railroad conference will be called has not yet been determined.
Argentina's keen interest in developing the Pan-American trunk line project was indicated by Dr. Ricardo C. Aldao, a member of the Argentine Financial Mission, not only at the conference in Washington but also in his address at the recent banquet of the Pan-American Society here. It was later pointed out by others that Argentina now has a 1,100-mile railroad from Buenos Aires to the Bolivian border, much of it built by British capitalists whose interests in South America are estimated at \$4,000,000,000, half of which is said to be in Argentina. The Argentine

Kornfalfa Hog Feed
is a properly balanced feed. It is made of fine ground corn, ground barley, alfalfa meal, gluten, feed, tankage and molasses. All of these are good clean feeds in themselves. They are combined in just the right proportion. There is knowledge of hog feeding in every sack of Kornfalfa Hog Feed.
By all means buy a self-feeder or make one yourself. It is sensible, practical and efficient. Because we manufacture this feeder in large quantities, we can offer it to you at only \$20.00. F. O. B. Kansas City (the actual cost of materials, making and handling.) It is six feet long, holds about six hundred pounds of feed and will take care of from thirty to forty hogs. Self-feeders of the same capacity made and sold for profit will cost you from \$35.00 to \$50.00.
The old-time method of meal-time feeding makes him ravenously hungry at feeding time. He bolts his food and overeats. His digestion isn't nearly so good as when he eats only a little at a time. When he gets real hungry he stops working for you. The thing he works with is feed and the self-feeder keeps it before him all the time.
Don't fail to use a self-feeder. Either buy one or build one yourself, today. If you want a Kornfalfa Self-Feeder, send us your order.
A Balanced Ration
Assuming you have decided to use a self-feeder, what will you put in it? Corn won't do. It isn't enough grow stuff. It makes fat mostly. You need a feed that gives stretch to your hogs and at the same time fattens them. You don't need to make him stretch first and put weight on them afterwards. You can do both at the same time with the right kind of feed. You need a balanced ration.
We don't use humus, which is plain earth and has no feeding value, or ground screenings or oat hulls or similar trash in our feed. You would buy these things in a sack by themselves, and because they have no value to you, we don't use them in making Kornfalfa Hog Feed. The hog cannot utilize them at a profit.
The tremendous success Kornfalfa Hog Feed is made is due to the fact that only good, clean feeds enter into it—the best of everything plus knowledge of hog feeding. Feeders are making hundreds of pounds of pork with from 336 to 400 pounds of Kornfalfa Hog Feed.
You need absolutely no other feed with Kornfalfa Hog Feed from weaning time to maturity. It is complete within itself. Just dump it into the self-feeder and let the hogs do the rest. Order from us today.

**The Point
To Remember is
That Clothing is Going
To Cost More Next Fall**
—We would strongly advise every one to buy an extra suit and overcoat now. The styles that will prevail for next Fall already are settled upon (always are six months or more in advance) and there will be no change except for the extremists. The shortage in woollens cannot be overcome, and supply and demand makes the price. You may hesitate because clothes are comparatively high now—but, they will be higher.
—The National Clothiers association has just closed a convention in New York at which government representatives were present to investigate charges of profiteering. It was found that high clothing prices are due solely to scarcity of raw materials and high labor costs and that charges of profiteering by manufacturers and dealers is unfounded.

government, it was said, controls this line. France and Belgium also have heavy South American railroad investments.
The war, it is said, has made it virtually impossible for European countries to finance their financial interests in South America and this is one of the reasons why the United States in recent years has awakened American investors to what they call "a big investment opportunity". The proposed trunk line would run from the United States through Mexico, Central America, Colombia, Ecuador, Peru, almost the entire length of Chile and from La Quiaca, Bolivia, to Buenos Aires. From this main line, would be connecting roads, some already completed, extending like "fingers" in many directions toward the Atlantic ocean.

HENRY STEWART HAD VERY NARROW ESCAPE

Auto Struck By Wabash Train at
Arnold Crossing Saturday
Noon

Henry Stewart of Orleans precinct had a very narrow escape from death Saturday when a Wabash passenger train struck his automobile at the Arnold station. The accident happened when train No. 9 due in Jacksonville at 12:40 approached the Orleans crossing. Mr. Stewart was driving his Franklin car toward Jacksonville and for some reason did not see or hear the approaching train. He drove on the track as the train was coming full speed, and that he was not killed is due to the fact that the train struck the rear part of his touring car. The engineer slowed down the train and backed up. Mr. Stewart had been thrown from the car and was just regaining consciousness when the train crew picked him up and placed him on the

train. At the Wabash station he was met by Dr. Hairgrove and Dr. Norris and taken to the office of Dr. Hairgrove in the Ayers Bank building, where his injuries were dressed.

Mr. Stewart has a number of cuts on the left side of the head but his injuries are not accounted as serious. The car was nearly a total wreck.

With the Sick

Miss Florence Rice, who has been ill at her home on West College avenue for the past two weeks with pneumonia, yesterday was able to sit up for the first time. Her early recovery is now expected.

Miss Ada Correa, Mrs. Charles Hopkins, Mrs. Lambert Taylor and Mrs. Frank U. Correa who have been ill are improving. John W. King, the well known barber is able to be out again after an attack of the flu. Mr. King is having trouble with his eyes as the result of his illness and is not able to resume his work. Mr. King is also able to be up but cannot leave the house.

Attorney John M. Butler is again at his office after several weeks' illness with pneumonia at his home on West College avenue.

Willard Werner was able to return to his home after having been a patient at Passavant hospital.

Dr. R. Upham is rapidly improving at Passavant hospital.

Alfred Moss, a patient at Passavant hospital, is reported to be much improved.

Mrs. Joseph Mermion was brought to Passavant hospital yesterday from Carrollton.

W. H. Anderson, who has been a patient at Passavant hospital for some time was able to return home Saturday.

J. F. Huff is reported ill at his home on Sandusky street.

Miss Jessie Masters has gone to Greenfield to take care of the family of Mr. and Mrs. Ralph Ford who are ill with the flu. Mrs. Ford is a sister of Miss Masters.

AUSTIN KING'S SALE

Austin King will hold a public sale Wednesday beginning at 10 o'clock, at his farm one-half mile east of Murrayville. Horses, cattle, hogs and farm implements will be offered. Some good work horses and a number of excellent milk cows are included in the offerings. C. J. Wright and J. L. Henry will be the auctioneers.

A TEXAS WONDER

Social Events

Yojaosvi Girls

Gave Luncheon.

Members of the Yojaosvi Camp Fire girls enjoyed a luncheon served at the Congregational church at noon Saturday. Four girls, Misses Katherine Wilson, Edith Putnam, Mabel Rogers and a Miss Seaver, were the hosts and so qualified for the fire-making degree.

Some time was spent in discussing plans relative to the play which the members of this camp fire will give some time in April.

A Camp Fire

Valentine Party.

The Aokiya Camp Fire Girls gave a Valentine party Saturday night at the Congregational church with the boys and girls of the Yagan Wigwam as their guests. It was the original plan to have this party at the home of Miss Betty Black, one of the members, but illness in the family made the change to the parlors of the Congregational church advisable.

Miss Edith Jordan is the guardian of Aokiya camp and the arrangements for the party were of a kind to make certain a time of joyousness for the boys and girls. A hunt for candy hearts was the first thing on the program and then came a series of selected Valentine games. There were refreshments in keeping with other details and in all ways the party was enjoyable. Miss Katherine Wilson, Franklin Scott and Hugh Smith assisted in entertaining.

Rebekah Lodge Met.

At the regular meeting of Rebekah Lodge No. 13 held Friday evening at I. O. O. F. temple on East State street, a number of applications for membership in the lodge were given attention.

A number of other business matters were considered, after which the Rebekah degree team gave a drill under the direction of Jewell E. Scott. This drill was preliminary to the work to be put on at the next regular meeting which will be held February 27. At that time a large class of candidates will be initiated into the order.

At the close of the drill work came a pleasant social hour with refreshments.

Entertained Friends.

Mr. and Mrs. Oran H. Cook entertained a number of friends at a Valentine party at their home on South East street Friday evening. The first feature of the evening was a hunt for hearts and other games in keeping with the season were enjoyed. Music and

dancing formed a part of the entertainment, music being furnished by Misses Anna and Bessie Burchett and Mrs. Cook. In the contests Mrs. W. O. Swales was the winner. During the evening delicious refreshments were served by the hostess.

The guests included Dr. and Mrs. W. O. Swales, Mr. and Mrs. Leroy Ticknor, Dr. C. B. Magill, Mr. and Mrs. B. B. Ridgway, Misses Katherine Owen, Emma Cook, Anna and Bessie Burchett.

Sunday School Class

at Valentine Party.

Members of the Westminster Sunday school class taught by Miss Jessie Holmes were entertained at the home of Miss Wilhelmina Updegraff Friday evening. The event was a Valentine party and various games and contests made the evening pass pleasantly. The party was planned by Miss Marian Updegraff for her sister, Miss Wilhelmina, and the former was assisted in entertaining by Mrs. Updegraff, Miss Jessie Holmes and Miss Susanne Reinhardt. The children present were given souvenirs of candy hearts and valentines, and altogether the occasion was a most happy one.

Lambda Banquets

at Colonial Inn.

The Lambda Alpha Mu society of the Woman's College held their annual initiation banquet Friday evening at the Colonial Inn. After an excellent banquet Miss Mona Ramsey as toastmistress introduced the speakers:

Marion Humphries — On Friendship Street.

Dorothy Remely—The Fruit of Friendship.

Veriel Black—In the Playground of Friendship.

Grace Harris—The Castle of Friendship.

Ruth Kuss—Friends Old and New.

Among the old girls bask were, Bess Seward of Champaign; Viola Quinck of Champaign, Francis Hinchman of Champaign, Ruth Kuss of South Bend, Gladys Jaques of Greenfield, Cordelia Randolph of Mansfield and Miss Collins.

Novel Contest at

Westminster S. S.

A novel contest is on between the various classes of Westminster Sunday school and much interest and enthusiasm is being evidenced by the young people. The contest is called an "auto race" and began the first Sunday in January. At that time every class with the exception of the primary department, planned to embark on a transcontinental trip from San Francisco to the eastern coast, the trip being made by way of the Santa Fe trail.

The different classes chose some certain automobile for their use and the class which reaches the eastern coast first will be guests at a banquet given by the losers.

Last Sunday the Buicks and Dodges were on an equal footing and were the leaders in the contest. Miss Jessie Holmes' class chose the Dodge car and that of Miss Eleanor Moore the Buick. Dr. Landis' class is traveling in the Ford, while Mrs. Stevenson's class chose the Franklin. The Liberty car was that chosen by Miss Gunn's class.

The members of Mr. Marshall Miller's class have had some difficulty in their trip and on last Sunday had only reached the outskirts of San Francisco. However, they are hoping to soon be able to make up for lost time. The Housekeepers' class, taught by Mrs. Stevenson, also had ill-luck and were forced to make a new beginning.

The tour is being made under the direction of George Drennan, a member of a Ford class, and the interest in the final outcome is keen.

Miss Rabjohn Entertains at

Valentine Party

Miss Idahell Rabjohn entertained a number of friends at her home on Prospect street at a Valentine party last evening. A number of games in keeping with the day were played and prizes were won by Marie Roberts, Mable Biggs and Arline Rabjohn. Then each girl was given a paper and a colored crayon and told to show her skill in making a valentine with a verse of original poetry. Some beautiful verses were made. Sybil Chism won the prize. The refreshments were all in keeping with the day. The guests present were, Helen Rawlings, Mary Roberts, Mable Biggs, Sybil Chism, Marie Roberts, Helen Bergstrom, Lucille Riggs, Arline Rabjohn, Mable Todd, Gladys Biggs, Dorothea Pierson, Ruth Rawlings, Elsie Cannon, Dorothy Cowgur, and Joy Rabjohn.

Deaths

Schaeffer.

Orville Schaeffer, aged 31 years died at the residence, 419 North Diamond street Friday afternoon of pneumonia following an attack of influenza.

The remains were removed to Gilham's undertaking parlors and prepared for burial and were sent to Winchester Saturday morning for burial.

Deceased is survived by his widow and three children, all of whom are ill of influenza.

Ward.

Word has been received by relatives of the death of Mrs. E. M. Ward, who passed away at 4 o'clock Saturday afternoon in Canyon City, Colo. The deceased was born in Jacksonville, fifty years ago, and lived here until eighteen years ago. She was the daughter of Mr. and Mrs. Frank Vieira. Left to survive here are her mother and brothers, Frank Vieira and Luther Vieira, of Jacksonville; Leslie Vieira of Chicago and the following sisters, Mrs. Pauline Doolittle of St. Louis; Mrs. John Ornellas and Mrs. Jack Rodrigues, of Jacksonville.

Ham.

Mrs. Rose Line Hamm died at her home in Waverly of pneumonia, Friday. Deceased was born near Litterberry November 16, 1888.

She was united in marriage to Jake Ham of Waverly April 12, 1907. She is survived by her husband, parents of this city, two brothers, Willis True of Jacksonville, Robert True of Springfield and four sisters, Bertha Price, Ella Medlock, Jacksonville, Effie Ham Waverly and Lizzie Cooper, Prentice.

Funeral services will be held from the residence of her father, on Fulton street at 10 o'clock Monday morning. Burial will be in Hebron cemetery.

G. C. Phipps of Roodhouse was a business visitor in the city yesterday.

H. H. Meyer and W. J. Meyer of Havana, were business visitors in the city yesterday.

Samuel Davis of Rushville spent Saturday in the city attending to business matters.

Fox.

Mrs. Nancy J. Fox, who died Friday night at the home on West College avenue, had long been a well known resident of Morgan county. The deceased was a daughter of Mr. and Mrs. Andrew Crouse and her maiden name was Nancy J. Crouse. Following her marriage to E. T. Fox on Feb. 14, 1867, the family home was established near Sinclair.

About twelve years ago the family became residents of this city. Mr. Fox died a number of years ago. During the residence here in Jacksonville, Mrs. Fox held membership in Grace M. E. church and she was interested in all its activities. A generous heart actuated Mrs. Fox in her daily life and she gave freely to worthy causes. This was especially true in the war period and she was a willing contributor to various relief funds.

The deceased is survived by two daughters, Mrs. Hattie Swain of Sinclair and Miss Laura Fox at home.

The services will take place at 1 o'clock tomorrow afternoon at the residence, 617 West College avenue, and burial will be in Hebron cemetery.

D. O. K. K.

Special meeting Monday evening 7:30, Feb. 16th. Business of importance to be considered.

CARL G. ROBINSON,
Royal Vazier.

PROBATE COURT.

In the estate of Mary Blunt, petition for probate of will was allowed and letters testamentary ordered to issue to M. T. Layman.

In the guardianship of Maurice and Max A. Obermeyer, letters of guardianship were ordered to Myrtle Obermeyer and bond fixed in the sum of \$35,000.

ORMAL WON FROM ILLINOIS COLLEGE

Red Blue and White Five by Score of 24 to 18—Game was not fast—Neither team played up to Form and Both were Poor on Basket Shooting.

Illinois Normal defeated Illinois College in David Prince basketball Saturday night by a score of 24 to 18. The game was not fast—Neither team played up to Form and Both were Poor on Basket Shooting.

Normal evidently was not up to form either for the men were in basket shooting and did a display team work only in the first half when they tied a score.

Progressive Farmers Demand the World's Best The "Wallis" Tractor

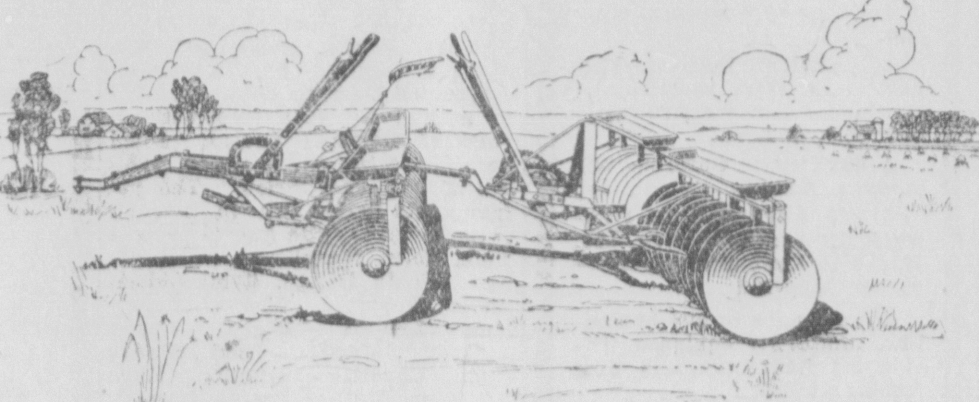

Leads Them All

The "Wallis Cub" Tractor has demonstrated its leadership over other makes by every test, and holds its place by actual supremacy of endurance, economy and performance.

The "Wallis" is built like a battleship, strong, reliable, swift---yet without an ounce of excessive weight.

All the field demonstrations show it to be in a class by itself as to lowest operating cost and by plowing most land per bottom, hour after hour, day after day and year after year.

May we call and explain all details of our tractor or send for free descriptive literature on anything you may be interested in? Please let us hear from you.

Progressive farmers who follow a crop rotation system will plant a large acreage to corn and oats next spring. The area will be larger than usual because wheat has been on the increase during the last two years and in justice to the soil the crop must be changed. Are you prepared?

We have three showrooms and service stations in our enlarged territory and are thus able to make prompt delivery and render efficient service—if you should need it. Right now when you are not busy with crops or other farm duties would be a good time to talk with you regarding the purchase of a tractor and other farm implements which you may need.

FRANKLIN SPEED BOYS BEAT MARQUETTE CLUB

Fast Independent Team Defeats
Local Rivals By Score of 38 to
26—Game Was Clean, Not a
Foul Being Called.

By taking the Marquette Club into camp last evening in the Marquette Hall at Franklin the Franklin speed boys won the fastest and cleanest game that has been played in Franklin in years.

Sublett and Bergschneider in their positions at guard, played a very superior game. The game was singularly clean, not a foul was called. T. S. Stewart, Franklin, invites correspondence of teams who wish to schedule games with the Speed Boys.

SWEDISH ACTRESS COMING TO CITY

Madame Borgny Hammer Will Interpret Ibsen's "Hedda Gabler" Here Feb. 23rd

Madame Borgny Hammer who is coming to Jacksonville Monday Feb. 23, is a Swedish actress of high repute. She is to appear at the Woman's College Gymnasium under the auspices of the Woman's College and Illinois College.

Before coming to America, Madame Hammer was connected with the Bergen and Christiana National theaters of Norway. Of so high a quality was her acting, and so powerful was her personality, that foreign critics ranked her work there with that of other great European artists. Since she has appeared in America, critics here have been unanimous in praise of her talent, her power, and her wonderful sincerity in acting.

Madame Hammer will make her debut early in the fall in New York, in a repertoire including some of Ibsen's plays, and works of other leading continental dramatists. At present Madame Hammer has just completed a successful tour on the Pacific Coast, and will appear throughout the Middle West this spring, playing Ibsen under the auspices of the large schools and colleges.

Madame Hammer came to this country to join her husband, who was the director of an art group sent to this country from Norway to study American music, the American theater, and other American art endeavors. Rolf Hammer liked America so well that he urged Madame Hammer to join him here.

During her short stay in America, rather than attempting to seek immediate publicity, Madame Hammer has chosen to master the English language thoroughly, so that she can interpret unhampered Ibsen's great truths to the heart and mind of America. In doing this she has broken away from the unreasonable tradition established by other great foreign artists.

FORMER WHITE HALL RESIDENTS DIE

Miss Edith Rohrer Dies at McAlester, Okla., and Miss Leah Porter at Osceola, Mo.—G. W. Clouder Seriously Ill

White Hall, February 13.—The remains of Miss Edith Rohrer, age 27 years, who died in a hospital at McAlester, Okla., at 4 p. m., Wednesday, arrived at White Hall today, and funeral services were held in the M. E. church at 2 o'clock this afternoon. She was a member of a former White Hall family who moved to Savannah, Okla., two years ago, and had been in a hospital at McAlester about two months, undergoing an operation for an abscess on the lungs that resulted fatally. She was a daughter of G. N. Rohrer, and her mother died at White Hall five years ago. Four brothers and two sisters survive, all the children being natives of White Hall. She was active in the affairs of the Methodist church.

Advice from Osceola, Mo., today announces the death of Miss Leah Porter, daughter of Mr. and Mrs. Ed. Porter, formerly of White Hall, and who moved to Osceola, Mo., after residing for a number of years on a farm near Scottville, Macoupin county. Her age was about thirty years, and she was the eldest child of a family of three daughters and one son, all marrying since going to Missouri, except our subject, who was a cripple practically all her life, yet a young lady of wonderful intellectual resourcefulness. It has been decided that the burial will be at Osceola. The cause of death was pneumonia.

Charles Clouder is enroute from Beaumont, Texas, on account of the dangerous condition of his father, G. W. Clouder, and will reach here Saturday evening. The condition of Mrs. Jettie Mashburn is also critical. Both have pneumonia. The daily report of Dr. L. O. Frech shows a continued decline in the number of new cases of influenza, and the above are the only cases of pneumonia reported.

CONTEMPORARY AMERICAN PAINTINGS AT THE WOMAN'S COLLEGE

The attention of the public is called to the fine exhibition of paintings by American artists now on view at the Woman's College. The exhibition includes fifty pictures from the New York Society of Painters' winter exhibition and has already been shown at Oberlin College, Dayton, Ohio, and Terre Haute, Indiana. From here it goes to the University of Illinois and then to several Indiana cities. It is known as the Indiana Circuit Exhibition and has been assembled by Mrs. M. F. Johnston of Richmond, Indiana Art Association.

The purpose of the exhibition is educational and it is brought with an effort to awaken interest in what is being done in American Art today. The pictures are varied in subject and interest, with several of the existent schools of painting represented. Jonas Lie and Jane Peterson have very good pictures representing the Expressionists, both of them showing subjects inspired by the environment of Gloucester, Mass. Albert Groll, whose lovely "Rain Cloud in the Desert" was an inspiration in a former Woman's College exhibit has a very lovely small canvas called "Sunset in the Desert". Edward Potthast an interesting beach picture and a most alluring canvas called "Early Evening Canadian Rockies". Zulma Steele strikes individual note in her "Gleaming Mountain", which is modern in handling conception and suggestion. No finer animals have been painted than those by Edward Volkert in his picture "The Pasture"—it is a very real as well as a very suggestive canvas. "The Potter" by Irving Couse is another of the pictures by this painter of Indian life that awakens interest and admiration. Eliot Clarke's "Cloud Drama" is a very dramatic presentment of nature. Roy Brown shows a fine canvas called "Pines and Poplars"—a California subject seen through his very individual point of view, and it is one of the best pictures in the exhibition—a fine record of a mental impression and decorative effect.

Edith Waldo Howell in her "The Abandoned Harbor" shows a picture full of the atmosphere of salt air, and distinctive in design and outlook. Miss Howell has recently taken one of the large Clarke honors at the Corcoran Gallery in Washington. Francis Jones' picture "The Print" is a very fine piece of tonal painting and is an extremely interesting and satisfying picture.

Other artists of the older schools are represented—Howard Russell Bleiler, Colin Campbell Cooper, Charles Warren Eaton, W. Merritt Post, and others. With the exhibition is hung a group of Miss Knopf's pictures which have been widely exhibited—her "September Morning on the Beach", which has been shown in all the large exhibitions in the country. "Cypress Trees on Cape Cod", "Forest Fantasy", recently returned from several exhibitions. "The Pine Woods", "Autumn Garden Flowers", and other pictures of quality and distinction.

The exhibition will be open to the public from 9:00 to 12:00 and from 2:00 to 5:00, February 14th to 26th.

Just received a splendid line of Junior Gingham

WILL ELECT CENTRAL COMMITTEE MEMBERS

Law Provides Mann'er For Their Selection at April Primary

It is probable that comparatively few voters are familiar with the provisions in the present election law which make it obligatory to choose members of the party central committees at the election April 13. County Clerk G. L. Riggs has the necessary blanks for the filing of petitions. Any person who desires to become a candidate for committee must file a petition by March 4, bearing no less than ten signatures. Membership in the committee will continue for a four year period.

As indicated, the petitions must be filed by the 4th of March altho the election will not be held until April 13. This is a presidential preferential primary. At this time the voters express their opinion on presidential candidates for committee membership. There is no vote cast for other officials.

Inside Facts About the Overhauling and Repairing of Automobiles

—We will suppose that you already own a car and that it has given you good service and is in reasonably good condition now. In such a case what is the logical thing to do?

—Have it thoroughly overhauled by an expert, of course, after which you will have a car that is as good as new, at comparatively small cost.

—You know your car, know exactly what it will do under given conditions, and feel at home with it. Just bring it in and let us give it the needful. Perhaps only a few dollars expense will be necessary. But, whatever it is, you may depend upon what we tell you, and depend upon the job when it is finished.

—Our motor engineer, our battery chief, and general car mechanics, are unexcelled in their lines.

—We guarantee to save you money.

INCUBATORS

The
Klondike
Incubator
A Good
One
Because--

It has a double glass top with dead air space between the glass which forms a perfect insulation, which retains the heat. By this arrangement, the entire incubator is visible for inspection, and the cardboard cover can be placed over the glass top to darken the egg chamber, as it is a well known fact that eggs hatch better in the dark.

The Klondike system of hot water heating differs from all others, in that it does not use any hot water boiler on the outside of the machine. The heat from the lamp passes thru a copper tube, the entire length of the incubator. This tube is enclosed in a larger tube, and the space between is filled with water (just like the tube in a steam boiler). This exposes the largest possible amount of water to the heating surface. Our rapid water circulating system insures an even temperature in all parts of the machine.

Eight models are made from 120 to 300 egg capacity. We heat one cubic inch of water for every egg in each size incubator.

WILL MAKE REPORT ON WATER FUND

Citizens' Committee Calls Meeting of Subscribers For Tuesday Night.

The citizens' committee on water supply has called a meeting of subscribers to the water fund to be held next Tuesday night, February 17, at 7:30 o'clock at the court house. At this time the committee will make a complete report with reference to the lands acquired for the new reservoir. Suggestions will be offered for safeguarding the investment made by the subscribers during coming years. The general committee report which will be presented Tuesday,

prepared by Dr. Joseph R. Harkey, chairman of the committee, appears in another part of this paper. It should be read by every subscriber to the fund and all others who are interested in Jacksonville affairs.

HARTMAN ZELLER DIES AT ALEXANDER HOME

Well Known Citizen Passes Away Saturday Afternoon—Was Stricken With Paralysis Thanksgiving Day.

Alexander, Feb. 14.—Hartman Zeller, a well known resident of this place, died this afternoon at two o'clock.

Thanksgiving Day he was stricken with paralysis and a week ago he had a second stroke and grew gradually weaker until the end came.

Deceased was born in Baden, Germany, July 18, 1853. He came to America when 14 years of age, coming directly to Illinois. Most of the time since he has resided in Alexander and vicinity.

Mr. Zeller was united in marriage to Mary Kumble of Alexander, January 10, 1878, who survives. He also leaves six daughters and one son.

Funeral service will be held from the Church of the Visitation in Alexander Monday morning at 9 o'clock. Interment will be in Calvary cemetery in Springfield.

The family requests that friends please omit flowers.

CLOSING OUT SALE

Monday, Feb. 16, 1920, 10:30, at farm 7 miles south of Jacksonville and one mile northwest of Woodson—horses, mules, cattle, hogs, corn, hay, oats and farm implements.

E. W. SORRELLS

Matrimonial

Stevenson-Decker, E. F. Stevenson and Mrs. Betty Jane Decker, both of this city, were united in marriage at 8:30 Saturday evening by Justice J. A. Crum at the home of the bride on East North street.

The ceremony was witnessed by a small company of intimate friends. Following the ceremony light refreshments were served, and the couple received the congratulations of the assembled company.

The bride is the owner of a boarding house on the corner of East North and North East streets. The groom is a farmer and they will make their home in this city.

WOMAN'S CLUB HELD MONTHLY MEETING

Miss Isabel Bevier Urged Hearers to Take Duties of Citizenship Seriously—Club Favors Higher Salaries For Teachers.

Miss Isabel Bevier, head of the department of economics at the University of Illinois, was the speaker Saturday afternoon at the monthly meeting of the Woman's club, held at I. O. O. F. temple on East State street. Mrs. O. F. Bufe, president of the club, presided and the minutes were read by Mrs. H. A. Perrin, secretary. A time was allotted to Miss Mary Wadsworth for presentation of facts about the Y. W. C. A. campaign soon to open.

Mrs. Perrin then announced a pledge of \$25 by the club to this cause, the action having been previously authorized.

Music was a delightful feature of the afternoon. Prof. W. E. Kritch, director of the Conservatory of Music, played six fantasies arranged for the violin. Miss Ellen McCurley was the accompanist.

Following the program came a delightful social hour which had been arranged by the social committee. The chairman of this committee is Mrs. Joseph W. Jackson and the other members are Mrs. Charles Fawcett, Mrs. A. E. Curry, Mrs. J. L. Henry and Mrs. Henry Goebel.

The conservation committee, of which Mrs. J. Parker Doan is chairman had arranged for the coming of Miss Bevier. In the absence of Mrs. Doan the speaker was presented by Mrs. T. J. Pittner, another member of the committee. Miss Bevier, as head of the department of home economics at the state university has a nation wide reputation. During the war period she was very active in the campaign for food conservation and worked out some lines of effort which resulted most satisfactorily.

Duties of Citizenship.

Now that the war period is over, Miss Bevier is again devoting her time to the problems of the home and of society. She urged upon her hearers yesterday that the duties of citizenship are now pressing upon women. Knitting for the Red Cross and other activities of the war days were important and worth while but they were for the most part physical activities. In these days possibly one of the greatest duties of woman is to think and so to use her best judgment while discharging the duties of citizenship.

The woman who is a good citizen thinks not only of today but tomorrow as well. Her interest is first of all in her own home but that interest reaches out and takes in all society.

It is the effort to be of service to the community in which one lives that leads to the right kind of citizenship. Women, in Miss Bevier's thought, can make large contributions toward real democracy and if they attack the problems of citizenship thoughtfully they can have a large influence in helping adjust the conditions of today which are disturbing.

The Home Endures. In the closing paragraphs of her timely address Miss Bevier said:

"I have found an attitude of mind, a path, a way of life I call intense, for lack of a better name and I believe in it, not only because it increases my sane satisfaction in living, but also, because it finally leads out—out of all the tangle of our material lives into the eternal spaces."

"I see the world of men's business activities chiefly as a place of wrath and greed and yet, even the most grasping must be blind-folding seeking through their greed an ultimate satisfaction. Not more houses and more automobiles, or railroads, or mines, or even power, but something dimly apprehended as beyond all these, a more than these, something that is good—a Endures."

"For we all want that enduring thing. One man sees it here, another there. As for me, it is in my house."

Prizes Announced. Mrs. Bufe made reference to the posters made by pupils of the high school and which were exhibited in the room. Awards of merit had been given as follows:

First prize \$3—Reon Hamilton. Second prize \$2—Betty Palmer. Fifty cent prizes—Helen Baker, Martin Graff and Alva Staff.

The posters were made under the supervision of Miss Harriet Seibert and the contest had been planned by the art department of the club.

The president announced that cash prizes of \$3 and \$2 each are now to be offered to pupils of the high school and the David Prince school for essays on thrift.

A committee was named to co-operate with the kindergarten board in presenting the needs of the kindergarten to the board of education. This committee includes Mrs. E. P. Cleary, Mrs. M. C. Hook, Mrs. H. H. Bancroft.

The club endorsed the movement for higher tax rate to make higher salaries for teachers possible. A committee including Mrs. Ben Lorton, Mrs. W. S. Jones and Mrs. A. B. Williamson was named to co-operate in securing favorable action by the people at the school election on this tax question next Saturday.

We've a floor full of good, used furniture, all kinds, taken in exchange for new—On sale this week at less than half price. This is your chance. Double Stamps on all sales. PEOPLE'S Furniture Co., 209 So. Sandy St.

LICENSED TO MARRY. E. F. Stevenson, Jacksonville; Betty Jane Decker, Jacksonville.

A RESUME OF THE JACKSONVILLE WATER SITUATION

(By Joseph R. Harker)

A meeting of the subscribers to the Jacksonville Water Supply fund will be held at the Court House Tuesday evening at 7:30 o'clock. At that time Dr. Joseph R. Harker as chairman of the Citizens' committee will make the following report of activities extending from February 15, 1917 to February 15, 1920.

1. Thursday evening, Feb. 15, 1917, citizens' meeting was called at the court house to discuss the question of a more adequate water supply for the city and better fire protection. There was a very large attendance of citizens at the meeting, and much interest was manifested in the subject. Dr. Jos. R. Harker was elected chairman of the meeting and J. W. Walton, secretary.

2. There was a free and frank expression of opinion, and at the close of the meeting the following resolution was adopted:—

"Whereas, Jacksonville's water supply is totally inadequate for our needs, and whereas we have made a failure of securing adequate supply and whereas we are in need of expert advice on this question; therefore be it resolved that we request our Mayor and Commissioners to invite the Illinois State Water Survey, the Illinois State Geological Survey and the Illinois State Board of Health to make a thorough survey of conditions and sources of water supply and report a plan for both temporary and permanent solution of the water question; and be it further resolved that the chair appoint a committee of five citizens to cooperate in extending this invitation and in any other matters which may properly come up for consideration in connection with securing a water supply."

3. The chairman himself to be a member of this committee. The directors of the above named State Boards, Dr. Edward Bartow of the State Water Survey, Dr. Frank De Wolf of the State Geological Survey, and Dr. C. St. Clair Drake, secretary of the State Board of Health, responded readily to this request of the citizens and promised to assist in every way possible.

4. Dr. Harker appointed as the citizens' committee, with himself, Dr. Carl E. Black, T. A. Chapin, M. R. Fitch and J. W. Merigan. The committee met Feb. 17, in Dr. Black's office and elected Dr. Harker chairman and Dr. Black secretary.

5. This joint committee and the directors of the State Boards went to work at once to make a careful survey both of the actual conditions and the possibilities. It was estimated that the expenses of the necessary investigations, boring test holes, and preparing plans, would be about \$6,000. As the city could not take care of this expense, a body of fifty public spirited citizens signed a guarantee to provide credit for these purposes. The expenses of the officers of the State Boards were paid by the state.

6. After a year of thorough investigation, the Joint Committee, acting on the advice of the State Boards, recommended that the most feasible and adequate and permanent plan would be to construct a dam near the site of the present pumping station on the South Fork of the Mauvais-terre, for an impounding reservoir or lake that would store from 400 millions to 500 millions of gallons. It was also shown that this plan would cost less than any other plan that could be suggested, both as to cost of construction and of subsequent maintenance.

7. The Committee employed Pearson and Greeley, hydraulic and sanitary engineers, of Chicago, who prepared estimates and plans for a dam, spillway and filtration plant to be constructed near the south pumping station. These plans provided a 22-foot dam with a concrete spillway, to hold 14 feet of water at the spillway, a filtration plant of one and a

half million gallons a day, and a headhouse and pump house in connection therewith. The reservoir would have a capacity, together with the present Morgan Lake, of about 450 million gallons, sufficient to supply all the needs of the city for many years to come, even through the driest possible seasons.

8. These plans were carefully considered and adopted, and an election called to authorize issue of \$75,000 of five per cent 1-20 year bonds to finance the project. The election was held on June 18, 1918, and the bonds were authorized by a large majority vote.

9. The dam, spillway, and filtration plant were to be constructed on sixty acres of land which belonged to the state of Illinois. It was now found that the Department of Public Welfare and Public Works did not have authority to convey this land to the city of Jacksonville, and that it would require an act of the Legislature to authorize the deed to be made. This necessitated a delay until the next session of the Legislature, which did not meet till January, 1919. At the earliest possible opportunity, a bill was prepared with the active cooperation of the Department of Public Welfare, and was passed through both houses of the Legislature with unanimous vote, and promptly received the sanction of the Governor on the 14th of March, 1919. This act authorized a deed to be made to the city of Jacksonville of the sixty acres in question for the construction of a dam, spillway and filtration plant thereon, for the making of a reservoir for water supply, with the consideration that the city of Jacksonville will furnish all the water the State may need for its institutions, at the current rates charged to corporations, railroads, etc., for water of like quality, and that the city of Jacksonville shall pay to the state \$300 per year as rent, payable monthly, to be credited on the bill of the State Hospital.

10. The Joint Committee carefully revised the plans and specifications for the dam, spillway, and filter, and advertised for bids to be received by noon of April 11. A number of bidders contested, but it was found that the cost of construction was more than had been anticipated, and that the amount of bonds authorized (\$75,000) was not enough to meet even the lowest bids for the completed plant. After several days of careful consideration, and some modification of the plans and specifications, it was decided to award contract for the construction of the dam and spillway to John T. Walbridge, of Chicago, and to leave the construction of the filter plant for future consideration. Contractor Walbridge began his work at once, and the ground was broken for the new dam on the morning of May 7, 1919. It was completed, and ready for the permanent storage of water, about the first of November.

11. The bonds authorized to be issued were only for the construction of the dam and spillway and filter, etc., the plan necessary for the water supply. No provision could be made in this way for the purchase of the land necessary for the storage of water, as the city was already bonded to the legal limit. The problem of how to secure the necessary land, and how to provide funds for its purchase were matters of careful and anxious consideration by the Joint Committee. It was found that the 14 foot water level at the spillway would cause to be overflowed about 228 acres of land lying south and east of the dam. It was thought necessary to have at least 100 feet of land all around the lake beyond the 14 foot level for park and driveway purposes, and to take care of possible overflows. Altogether, in addition to the 60 acres of state land already acquired, it was necessary to purchase about 350 acres more or less. To do this, and to provide the necessary clearing, fencing, road construction, and so forth, would require at least \$125,000.

12. On Tuesday, February 25, 1919, a meeting was called of the fifty citizens who had signed the first guarantee of \$6,000, together with all others interested. The situation was carefully explained, showing that the City of Jacksonville could not legally incur the additional expense of purchasing the land. It was decided to ask the citizens for voluntary subscriptions to the issue of water certificates, bearing interest at the rate of 6 per cent, secured by

a trust deed or mortgage covering all of the real estate purchased for the purpose of the reservoir, said trust deed or mortgage to contain all proper and necessary provisions to insure the payment of both interest and principal of said certificates.

13. Such was the interest and

enthusiasm in the plans and prospect of an adequate and permanent water supply, that in less than a week more than three hundred subscribers had agreed to take such certificates amounting

to something over \$130,000. 14. A meeting of the subscribers to this water fund was held March 4, 1919, at the Court House. Mr. Henry Frisch was

Beware! Insist upon true "Bayer Tablets of Aspirin"

The "Bayer Cross" stamped on tablets means you are getting true "Bayer Tablets of Aspirin" proved safe by millions of people—the genuine Aspirin prescribed by physicians for over eighteen years. In every handy "Bayer" package are proper directions for Pain, Colds, Headache, Toothache, Ear-

ache, Neuralgia, Rheumatism, Lumbago, Sciatica, Neuritis. Tin boxes of 12 tablets, cost only a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacid-ester of Salicylicacid.

TO VOTE ON COMMUNITY HIGH SCHOOL IN BLUFFS

Question of Community High School to Be Submitted at Election, Feb. 21—Other News Items from Bluffs.

Bluffs, Feb. 14.—Education is the safeguard of the nation. The boys and girls of today are the men and women of tomorrow. Safeguard them by the ballot. Vote for the community high school. When? On February 21, 1920. Where? At the following places in Oxville precinct: Merritt and Exeter precincts in Bluffs. The polls will be open at the hour of 8 o'clock a. m. and close at 5 o'clock p. m. All legal voters within the above named precincts should vote at the regular polling places. Vote for the Community High School! Better educational advantages means better citizens and better citizenship. Mrs. N. D. Todd of Davenport, Ia., who spent last week with her sister, Mrs. N. E. Kellem has returned home. Mr. and Mrs. Thomas Reid have purchased the Mrs. Minnie

15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Dun's Hens Increased Every Day. Plan Is Easily Tried.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Dun, Box 102, Cherry Valley, Pa. Mr. Dun started giving his hens Don Sung in January, in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply let us and your money will be promptly refunded. Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying. Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dunbar Co., 284 Columbia Bldg., Indianapolis, Ind.

WEISS BOSSE PROPERTY IN THE NORTH PART. THE DWELLING IS A MODERN, FIVE ROOM COTTAGE, NICELY LOCATED, AND AN IDEAL HOME. THEY EXPECT TO TAKE POSSESSION OF SAME SOMETIME IN MARCH.

Don't forget the Community High School election on Saturday, Feb. 21st. Every voter in the district should be out and boost for the school. It is the biggest thing for the advancement of this section that has ever been brought before the voters for their sanction at the polls. Ray Torrence left for Springfield where he re-enlisted in the army. He was sent to Jefferson Barracks.

Mr. and Mrs. Frank Bosse of Chapin were business visitors in Bluffs Tuesday.

Mrs. E. G. Gray has returned from Chicago where she recently purchased her spring stock of millinery.

The regular quarterly conference of the M. P. church will be held at the church at 11 o'clock Sunday. All members of the church are requested to be present at this meeting.

Miss Helen Rockwood came down from Springfield for a week's visit with her parents, Mr. and Mrs. B. F. Rockwood.

Mrs. Thomas Reid was a business visitor in Springfield Thursday.

Mrs. Carrie Sisson has returned from Excelsior Springs, Mo., where she has been spending the winter in quest of health.

ILLINOIS WOMAN'S COLLEGE NOTES

Last week end was a very happy one for the members of Theta Sigma Literary Society. A number of the old members were back to attend the annual banquet and reunion which was held at Colonial Inn last Saturday evening. The toasts followed a unique plan, being named for the various courses of the dinner. They were unusually entertaining and clever.

Miss Whitmer led the Y. W. C. A. service on Sunday afternoon. Her subject was chosen in keeping with the closing of the Week of Prayer.

The pledges of Lambda Alpha Mu entertained the active members of the society at the home of Miss Helen Gowdy on Monday afternoon. Decorations, games and refreshments were all in keeping with St. Valentine's Day and the guests received valentines from the oft remembered valentine box.

Wednesday evening Miss Anderson entertained in honor of the Senior Class. She had invited a number of Jacksonville people. Miss Miller sang in her charming manner, several songs, some frivolous and some serious. The blazing fire, the flowers and the candle light gave the final touch to the perfection of the evening.

Miss Knopf gave a lecture Tuesday evening to the faculty and students in preparation for the Art Exhibit, which opens this week. To make the lecture more helpful and clear, slides were shown of most of the pictures which she described. Miss Knopf is putting forth every effort to get the exhibit ready for the public by Saturday.

Mission study classes are being organized among the students this week—classes which will meet once a week for six weeks to study the problems of other lands. Thursday morning a stunt was presented during the chapel hour to create interest and to bring the purposes of the classes before the girls. One of the girls was dressed to represent each of the countries to be studied—China, India, Turkey, South America and our own country. They each appealed to the girls to study their conditions, so that they can know how to better them. Practically every student has enrolled in one of the classes.

The exhibition of oil painting by American artists held in the society halls of the colleges opened Friday evening, February 13. There are about fifty pictures from the Winter Exhibition of the New York society of Artists, representing such artists as Jonas Lee, Roy Brown, Irving Campbell, Albert Groll, Felecia Waldo Howell, Francis Jones and many others of national prominence.

The Misses Johanna Onken and Mary Harrison were guests of Miss Mary Miller this week. The Misses Kay Bunting, Zay Wright, Erva Moody and Leslie Hastings, old I. W. C. students were here last week-end to attend the Theta Sigma banquet. Miss Velma Holenback visited her sister Bernice last Saturday. Miss Beth Podlock has as a guest over Sunday Miss Margaret Welch of Springfield. Miss Ella Long of Barry visited her friend, Miss Ruth Nelson, on Sunday. Mrs. O. F. Wolfe of San Jose will be the guest of her daughter, Florence Weber this week end. The Misses Cordelia Randolph, Eggs Tawood Gladys Jiequith, Viola Langerich and Frances Hinchman are expected on Saturday to attend the Lambda Alpha Mu banquet. Miss Ruth Kuss arrived Friday to attend the banquet of Lambda Alpha Mu.

MARTIN BROTHERS HELD BIG SALE

Martin Brothers held a closing out sale of farm implements and various farming accessories at their place of business on West North street, Saturday afternoon. The sale started at noon and Charles M. Strawn was the auctioneer, while James Martin served as clerk.

There was a large crowd present and the bidding was spirited and Mr. Strawn kept things moving at a rapid rate thruout the afternoon.

The sale was the result of the building occupied by Martin Brothers being purchased by Rexroat and Deppe, necessitating their finding other quarters. The firm expects to open a garage and automobile salesroom at the corner of West College and South Sandy streets, formerly occupied by Dr. Carter.

COLLEGE OF MUSIC

Miss Gladys Sargent sang a solo at Centenary church on February first, and Miss Besie Hayer sang there last Sunday morning and Miss Maryeta Poole in the evening.

The Zoellner String Quartet which is to give a concert at the College on March 22nd, is one of the leading chamber music organizations of this country and is being eagerly anticipated by music lovers.

The following program was given Thursday afternoon in Music Hall:

- Giguo Bretonne (piano)
- Bachman
- Caroline Doane
- You'll Get Heaps O' Lickins' (voice)
- Clarke
- Helen Yeck
- Tarantello E Minor (piano)
- Lemas
- Katherine Whitney
- Sonatina Op. 48 (violin)
- Playel
- Grace Collier and Miss Moore, Brd of Love Divine (voice)
- Woods
- Maryetta Poole
- Evening Prelude (organ)
- Read
- Andante Cantabile
- Agato
- Grace Styles

CLOSING OUT SALE

CHEST CLOGGED UP WITH HEAVY COLD

Don't give it a chance to "set in"—use Dr. King's New Discovery

THAT dangerous stage where a cold or cough or case of grippie might get the better of you may be nearer than you think. Prompt action with Dr. King's New Discovery will avert a long illness. For fifty years it has loosened congested chests, dissipated tight-packed phlegm, broken vicious colds and coughs. Give it to the youngsters—take it yourself. There will be no disagreeable after-effects. 6c. and \$1.20 a bottle. At your druggist's. Give it a trial.

Bowels Become Normal

—liver livens up, bile flows freely—headache, biliousness, tongue fur, stomach-sourness, disappear when Dr. King's New Life Pills get in their natural, comfortable action. Purgatives, never pleasantly corrective, sometimes habit-forming, should not be taken to rack the system violently. Nature's way is the way of Dr. King's New Life Pills—gently but firmly functioning the bowels, eliminating the intestine-clogging waste, and promoting the most gratifying results. Cleanse the system with them and know the boon of regular bowels, 25c. at all druggists.

International Harvester Company Implements

Compare the various makes of implements today and you will find a striking similarity; as a general rule, they are based on the same principle. Yet it was inevitable that some inventive genius would perfect some implements that gives better satisfaction than others. Consequently that line gains a REPUTATION.

With the vast wealth that there is in the United States today it would be a simple matter to build factories as large as the INTERNATIONAL HARVESTER COMPANY'S factories. Yet when the time would arrive to sell their implements farmers would not buy them because they would be untried.

The INTERNATIONAL HARVESTER COMPANY'S implements have been used and tried for many years and they have fulfilled every demand made of them and consequently they have gained the desired reputation for dependability.

They are built to give years of service and are sold at reasonable prices. The company employs thousands of efficient

men to assist their local dealers in adjusting the implements thus backing the dealers and assuring the purchaser of the success of the machine. Many farmers are now ordering their implements and repairs for spring. "Go thou and do likewise."

We have a full line of INTERNATIONAL HARVESTER repairs for mowers and binders. We also have the most serviceable hand-made harness which we guarantee, as well as a line of oils and paints. Cream Separators, Gasoline Engines, One-Minute Washing Machine, American Fencing, and a full line of Hardware.

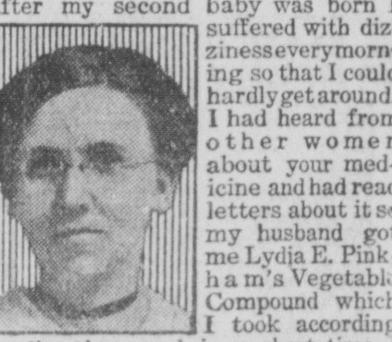

It will pay you to call and look over our store and make your purchases now. YOU stand a chance of winning that HIGH CLASS PHONOGRAPH for you know that we give tickets that entitle you to votes on this machine with every cash purchase of one dollar.

MRS. THOMAS' WORD TO WOMEN

Tell of the Great Good Lydia E. Pinkham's Vegetable Compound Did For Her.

Morris, Mich. — "About a year after my second baby was born I suffered with dizziness every morning so that I could hardly get around. I had heard from other women about your medicine and had read letters about it so my husband got me Lydia E. Pinkham's Vegetable Compound which I took according to directions and in a short time was entirely relieved. I also took the Vegetable Compound before my last baby came and am thankful to say that it relieved my sufferings very much and I shall never be without it at such times. I have told others of its great worth and shall keep on telling it."—Mrs. Ed. THOMAS, Box 184 Morris, Mich.

Women should not continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound. If you would like free confidential advice address Lydia E. Pinkham Medicine Co., Lynn, Mass.

They couldn't be built now for twice \$71,000

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—road-bed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American railroads to pay the highest wages while charging the lowest rates.

This advertisement is published by the Association of Railway Executives

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York

PAIGE

The Most Beautiful Car in America

Motorists Refer to It as a "Revelation"

We have been well repaid for the three years of earnest effort devoted to the development of our new six-cylinder motor.

For we have been told—and therefore have good reason to believe—that we have established a new standard of excellence in engine performance.

Owners of the new Paige Glenbrook speak of its six-cylinder power plant in most unusual terms. Its power and flexibility are talked of only in superlatives. Its dependability and low operating cost are acknowledged as remarkable. In fact, from every standpoint, it is considered as little short of "a revelation in motor building."

The Paige Glenbrook stands as an investment of the highest type among five-passenger motor cars. Its position of prominence testifies to the approval bestowed upon it by motorists in every section of the country.

WHITE HALL VETERAN IS CALLED BY DEATH

Thomas B. Raines, Civil War Veteran, Dies at White Hall Home—Play to be Given Under Auspices of Girl Scouts—Other Items of Interest

White Hall, February 12.—The death of Thomas B. Raines, veteran of the civil war, being a member of company B, 61st Illinois volunteers, occurred at his home at the corner of Centennial and Lincoln streets at 5:50 a. m. today, following an illness of four weeks with uremic poisoning. For a week previous to his death his condition was critical. Mr. Raines would have been 79 years of age on July 23rd next. He was born in Ross county, Ohio, coming to Illinois with his parents before attaining his majority and locating in White Hall township. Here he has since made his home, a period of almost sixty years. On February 23rd, 1863, he and Miss Elmira Mann were married, and she survives, together with their four children, Mrs. George Clouder, Curtis and Martin Raines, all of White Hall, and Edward, now residing in Oregon, going to that state from Grand Forks, N. D., a little over a year ago. There are five grand children, two of whom are Charles Clouder, formerly an advertising man of Springfield, now of Beaumont, Texas, and Mrs. Earl Fenton of Springfield. Two grand sons served in the world war, one as a lieutenant, these being Max and Doyle Raines, sons of Edward Raines. Funeral services will be held at 2 o'clock Saturday at the home, the discourse being delivered by Rev. Leo Howard, pastor of the Methodist church, and the burial will be in the high street cemetery, five miles southwest of White Hall.

The funeral of a pioneer resident of northern Greene county, Mrs. Emily Cryder, was held at the family homestead on Martin's Prairie, six miles east of Roadhouse, today. Her age was about eighty years, and death was caused by pneumonia. Her husband has been dead for a number of years. She was the mother of T. N. Cryder, formerly of White Hall, now of East St. Louis, and she had numerous relatives scattered over this section.

PATTERSON HISTORIC TALENT ON RETURN VISIT

The second visit this season by dramatic talent of Patterson, an inland town, seven miles northwest of White Hall, is scheduled under the auspices of the Girl Scouts at the Princess theater next Monday evening, when will be presented the three-act drama "An Old-Fashioned Mother." The great success scored by the first visit has encouraged this arrangement, and there is no doubt about the attendance and interest that will be shown by the people of White Hall in a spirit of neighborliness and in admiration of the talent possessed by this country community. The cast includes the names of Miss Edith Hyatt, Mrs. A. V. Otey, Fern Ford, Lauretta Doyle, Gladys Clark, Floy McHarg, George Carriger, W. A. Forrester, A. V. Houghton Jr., Paddy Clark, Roy Wilkinson and Buell Peebles. The production is under the direction of Miss Hyatt, teacher at Patterson and a resident of White Hall. Patterson for years had been recognized in a local way for its interest and activities in the histrionic art.

White Hall Notes.
E. C. Boehm marketed twenty-five head of cattle on the East St. Louis market Wednesday that brought \$12.75, ten cents below the top. He fed the bunch three months on his farm southwest of White Hall.

The venerable E. Group remains in a very feeble condition, and is unable to walk.
Mr. and Mrs. Edward Dunphy have returned from a visit with their daughter, Mrs. W. G. Willoughby, and family at Bakersfield, Calif.

Dr. L. O. Frech, local collaborator on the health situation, reported no new cases of influenza during the past 24 hours, but states that he will make a thorough investigation for his report tomorrow.

Mrs. Aretta Tanner has returned from spending the winter at Decatur with her sister, Mrs. D. P. Nevius.

Waverly, Ill., Feb. 14.—The new machinery for the Fred E. Deatherage Milling Co. is being installed. J. H. Frey of the Anglo-American Mill Co. is in charge of the work. The mill will have a capacity of fifty barrels of flour daily and will be in operation within the next few weeks.

Mrs. Ada Rantz is visiting at the home of her son, Francis in Jacksonville.
Miss Lucy Carter has gone to New York for a visit of several weeks at the home of Mr. and Mrs. Lester Wemple.

Miss Margaret Dennis will finish the term of school at Harmony made vacant by Miss Lucille Rodgers, who resigned.

Miss Lucille Parkinson arrived home Thursday from Champaign for a visit with her parents.
Miss Hazel Ashbaugh returned to St. Louis and Miss Madelyn Ashbaugh returned to Jacksonville after a visit with their mother Mrs. W. L. Ashbaugh.

Mrs. Carl Blair is acting as substitute teacher at Virden for her sister Miss Ruth Irving who is ill.

Miss Carrie Root has departed for her home in St. Anthony, Idaho, after a visit of several weeks with friends here.
Ralph and Sterling Reesor of Springfield visited Thursday at the home of their uncle Frank Reesor.

WARNING.
All persons are requested to observe the park ordinance and use the walks in central park. Help protect the grass and shrubs.
Frank Kiloran,
Chief of Police.

J. E. Cullen of Mexico, Mo., was a business visitor in the city yesterday.

"DANDERINE" PUTS BEAUTY IN HAIR

Girls! A mass of long, thick, gleamy tresses

Let "Danderine" save your hair and double its beauty. You can have lots of long, thick, strong, lustrous hair. Don't let it stay lifeless, thin, scraggly or fading. Bring back its color, vigor and vitality.

Get a 35-cent bottle of delightful "Danderine" at any drug or toilet counter to freshen your scalp; check dandruff and falling hair. Your hair needs this stimulating tonic; then its life, color, brightness and abundance will return—Hurry!—Adv.

"SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California"—Adv.

RITCHIE IS HELD ON MURDER CHARGE

Slayer of Lucille King Held in County Jail—Warrant charging murder sworn out by Chief Kiloran.

Zennie Ritchie who shot and killed Lucille King at the Pacific hotel Friday afternoon was arraigned in Justice Opperman's court Saturday and held on the charge of murder.

The warrant was sworn out by Chief of Police Kiloran. Ritchie had been held at the city prison overnight and after his preliminary hearing he was committed to the county jail.

Coroner Rose stated Friday night that the King woman had two bullet wounds in the back of the head. However, undertaker O'Donnell made a further examination Saturday and found that no bullets had struck the woman in the head. It is probable the wounds were from the blow Ritchie is said to have struck the woman on February 11, the assault for which he was fined Friday.

FUNERAL NOTICE.

Funeral services for Mrs. Nancy Fox will be held from the rate residence, 617 West College avenue at 1 o'clock Monday afternoon.

INDIGESTION

"Pape's Diapepsin" is the quickest, surest relief for a Sour, Acid, Gassy Stomach—Distress vanishes!

Stomach acidity causes indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diapepsin now! Don't stay miserable! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefit so great. You, too, will be a Diapepsin enthusiast afterwards.

The TORO Way of Motorizing the Farm

The TORO is the final achievement in useful, adaptable farm power equipment that makes the motorization of the farm complete. It is two standard machines in one—an efficient two-row cultivator and a dependable tractor. Each operates independently of the other and the dual equipment does the work of from two to four horses.

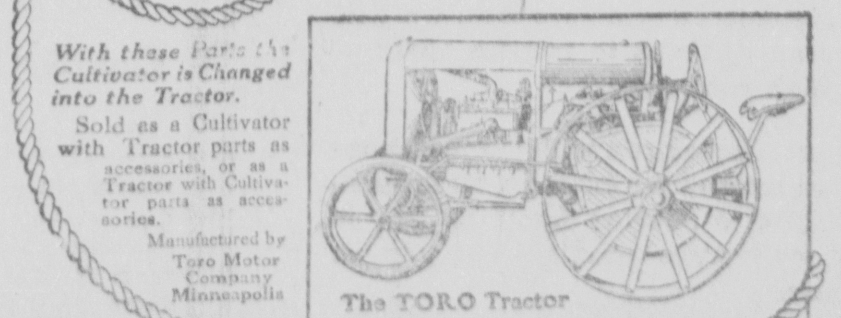

Readily Changed
—from Cultivator to Tractor
—from Tractor to Cultivator

Use as a tractor to pull two 10 or 12 inch plows and to prepare ground for seeding and plant seed. Then use as a cultivator until harvest season and change back into a tractor for fall plowing, hauling, belt work, etc. The conversion is as simple as changing a tire on your car.

Call and See It

We will gladly explain its operation in every particular.

Friday Litany and address 4 o'clock. J. F. Langton, Rector.

CONSERVATORY NOTES

There will be two Students' Recitals this coming week; one on Friday afternoon, February 20th, and an Advanced Students' Recital Friday evening, the same date. The public is cordially invited to attend.

Mr. Clarence John has been asked to play a violin solo at the wedding of Miss Velma Dugger, a former student in the Conservatory, who is to be married on Saturday, February 14th.

The Girls' Glee club, under the direction of Mr. Keep, will give a concert in Murrayville on Tuesday evening, February 17th.

Phi Omega will hold its next meeting Thursday evening, February 19th. There will be a piano solo by Miss Blanche Tripp, a violin solo by Mr. Hugh Wilson, a vocal solo by Miss Ruth Armstrong and a paper by Mr. Howard Wilson.

Miss Ruth Duncan, a former instructor and student in the Conservatory, has been the victim of an unfortunate accident, having, while running over the ice-covered snow, fallen and broken her leg. She is still with her sister, Mrs. Howard Brown in Princeton, New Jersey.

Miss Carrie Dunlap played the Prelude, Aria and Finale of Cosar Frank at the meeting of Sorosis on Friday, January 30th.

Miss Alma Forsythe, a graduate of the Conservatory, was a visitor at the Conservatory early in the week, interrupting for a few hours her concert tour with the Redpath Concert Company.

Announcement has been received of the marriage of Miss Minnie Hoffman, a former student in violin under Mr. Kritch. She is living in Hutchinson, Kan.

In the Opera to be given by the High School on Thursday, February 26th, the solo roles will be taken by Misses Lois Harney, Marjorie McMurphy, Ruth Reynolds and Clara Smith, and Messrs Harold Hall and Palmer Schiele. The Piano accompani-

to be played by Miss Virginia Spink.

Mr. Kitch played the Six Canons of Cecil Burrell at the meeting of the Woman's Club on Saturday afternoon, February 14th. He was accompanied by Miss Ellen McCurley.

Thursday, February 19th, continuing itownships 15-8, 15-9, 15-11, 15-12, 14-8, and 14-9.

Friday, February 20th, finishing up the drive with townships 14-10, 14-11, 13-8, 13-9, 13-10, 13-11.

We think the campaign has been successful so far. We have been handicapped by sickness and bad roads, which makes the clean-up campaign necessary. The average membership in 35 counties which have had campaigns is 1300.

Powerful and Economical

*It Is Also Unusually
Quiet*

Its nation-wide performance in the hands of owners has now established beyond question the unusual power of the NASH SIX with perfected valve-in-head motor.

It is pleasing in appearance, comfortable, quiet and economical of fuel. It has more than fulfilled the expectations of those familiar with the high manufacturing ability of the Nash organization.

Nash demand is far greater than the factory output. Better place your order now so that you may be safe in having yours when spring is here.

Why be satisfied
with less than a
champion when it
costs no more than
the common kind

World's Champion Light Six

The Elgin Six has won this great title by virtue of its repeated triumphs in every conceivable kind of endurance and economy contest held during the past four years.

Whether scorching around dirt tracks in free-for-all competitions, racing fast express trains, plowing through the gumbo mud of Nebraska or the trackless wastes of the Great American Desert—this sturdy perfectly balanced Beauty of the Road has invariably won new triumphs and has been awarded trophies of which its designers and the entire Elgin organization feel the greatest pride and satisfaction.

Call and let us make you better acquainted with this Champion Six and learn more of its remarkable performances.

FARM PROPERTY

Well! who knows? Some say values on farm land will continue to rise; others say they certainly will depreciate. There is nothing new in this. This question has been argued a century pro and con, and values have continued to rise in spite of it and there is no denial.

We offer 60 acres within two miles of Murrayville with a fair set of improvements for \$10,000.

(2) 80 acres one mile from Franklin, well improved, for \$20,000.

(3) 50 acres splendid land, plenty of improvements, 15 miles drive from Jacksonville for \$16,500.00.

(4) 100 acres four miles from Woodson well improved for \$15,000.

(5) 160 acres northwest of the city, splendid improvements for \$200 per acre.

(6) 160 acres near Alexander well improved and every foot prime black land for \$350.00.

(7) A splendid stock farm of 150 acres with full set of improvements for \$85.00 per acre.

CITY PROPERTY

(a) In the second ward we have a lot 80x228 feet with a good 8 room house, garage, barn and chicken house. Price \$4500, immediate possession.

(b) In the fourth ward modern seven room house for \$5,000.

(c) In the fourth ward we have a five room cottage, barn and garage for \$4,600.00.

(d) In the third ward we have a splendid five room cottage, excellent location for \$3,000.

(e) In the second ward a seven room modern house nearly new for \$4,500.

Sedans—Touring—Roadsters

Overland 4 marks a fundamental advance in motor car construction—the most important improvement in comfort for the passengers and in preserving the chassis from road shocks since pneumatic tires made motoring possible.

Its Three-Point Cantilever Springs create a riding buoyancy which establishes Overland 4 as a new type of car.

There are plenty of large, luxurious cars of long wheel base which ride well on most roads, but such cars are expensive. There are small light weight cars with short wheelbase, which ride well on smooth roads and are both low in price and economical in upkeep. But Overland 4 rides well on any road. It is a third kind of car, a new type, combining the advantages of both previous types of cars.

The Columbia guarantee definitely states that every Columbia Storage Battery (except the S E or thin plate type, which is guaranteed for six months,) is guaranteed to be capable of developing at least 80% of its original capacity for one year. If it falls short of this guarantee you get another battery without "adjustment" payment by you. The battery must make good the guarantee or you get another battery without any payment whatsoever.

A full year of service represents the minimum you can expect from a Columbia. With ordinary attention and care you can insure much longer service.

Let us tell you more about the many features of the Columbia, as well as the new Columbia Service Plan which makes possible this remarkable guarantee.

R. T. Cassell

8 West Side Square

A RESUME OF JACKSONVILLE WATER SITUATION

(Continued from Page 7.)
elected chairman. The following motion was adopted:

Resolved, That the Citizens Water Committee heretofore selected by a meeting of citizens to act as a Water Committee in conjunction with the City Commissioners, said committee consisting of J. R. Harker, T. A. Chapin, M. R. Fitch, J. W. Merriam, and Dr. Carl E. Black (Dr. Black being absent in Europe, on further motion H. M. Anure was unanimously selected to take the place of Dr. Black); that said Citizens Water Committee shall act as a committee on temporary organization for the purchase of lands for the new reservoir, and that said committee be empowered to select a temporary trustee, which trustee shall take the title to the lands purchased, and collect and receive monies paid on the subscriptions, and that said committee shall report a plan of organization to the subscribers, and said committee shall have power to attend to all matters of emergency that may arise.

15. This Committee met March 6, 1919, and organized by electing Jos. R. Harker chairman and J. W. Walton, trustee, with duties and powers as provided for in the resolution of the subscribers meeting of March 4. Mr. Walton was also elected secretary and John A. Bellatti was selected to act as attorney for the Committee.

16. The Committee began at once to secure title to the land needed for the reservoir. Much had already been done in this direction, and great credit is due to the Mayor, Henry J. Rodgers, for his active and unceasing efforts in this work. It is also proper that appreciative recognition be given of the public spirit shown by most of the owners of these lands, in their readiness to meet with the Committee, and to sell their lands at reasonable prices. In this connection the Committee mentions: Mrs. Mary E. Wood, lately deceased, Mrs. Martha Routt, Mrs. Margaret C. Baxter, J. A. Clark, D. W. Howe, E. N. and Frank Kitner, C. H. Lewis, and A. L. Black. In two cases, involving the land owned by John Hodges and J. C. Rook, it was necessary for the city to bring suit for condemnation, and to pay the amounts awarded by a jury. The settlement with R. S. Wood was arranged through a committee of arbitration, one appointed by Mr. Wood, one by the Committee, and the third chosen by these two.

17. The amount of land secured by the Committee is as follows (omitting small fractions):

	Acre
State of Illinois	60
Joseph A. Clark	80
Daniel W. Howe	20
Martha A. Routt	45 1/2
Mrs. Mary E. Wood Estate	66
Ed. and Frank Kitner	40
Mrs. Margaret C. Baxter	20
Charles H. Lewis	3
Richard S. Wood	10
Arthur L. Black	19
John Hodges	35
James C. Rook	16 1/2
Total Acres	415

18. Dr. Carl E. Black, a member of the Citizens' Committee appointed in February, 1917, volunteered for special medical service in Europe, and left in September, 1918. The Committee was glad to welcome him back in September, 1919, and requested him to take again his place as secretary of the Committee.

19. The Committee concluded a contract with the County Commissioners, Chas. N. Wyatt and Chas. Magill, by which the Commissioners undertook to make all arrangements for the necessary elevations, new bridges and culverts, and regarding of the public roads affected by the making of the reservoir, the County and the Committee agreeing to share the expense equally.

20. Arrangements have been made by the Committee for the clearing of all the land that will be overflowed, including the cutting down of the trees, the removal of all brushwood and debris, the removal of all fences, etc.; and also for the fencing of all the land around the reservoir property. The unexpected rains in October and November, and the complete freezing up of the reservoir in December, have rendered impossible the completion of these plans; but the Committee expect to rush these matters to a satisfactory ending as soon as the weather permits.

21. A complete report of the amounts received from subscribers, the amounts paid for land and other necessary expenses, will be made by the trustee, J. W. Walton.

22. There yet remains the construction of the filter plant and the necessary headhouse and pumphouse in connection therewith. These have been made possible by a bond issue authorized by the citizens in November, 1919. The present city administration has requested the Committee to cooperate with them in these and any other matters necessary to the completion of the entire water project. It is hoped that plans and specifications for these purposes will be perfected soon, and actual construction begun as soon as the weather permits.

23. When these plans are completed Jacksonville will have what it has waited for through all its history, now nearly one hundred years, a permanent and adequate supply of pure water. And it will have come, as every other needed improvement can now come, by a spirit of union and cooperation. "For the good of Jacksonville," which has taken possession of its citizens.

24. The Committee have now almost completed the organization of the subscribers at their meeting of March 4, 1919. They have secured all the land necessary for the reservoir, with title vested in the trustee

whom they selected, J. W. Walton. They have attended to all necessary details, and now have the honor of reporting back to the subscribers, with a plan for the necessary financing of the proposition. This plan has been worked out by John A. Bellatti, the attorney for the Committee, and approved by the Committee, and is now ready for presentation to the subscribers for their approval.

25. The Committee desire to express their appreciation of the services of Mr. Bellatti, who has given most careful attention to all the legal details of the many transactions involved, and has served the committee with great ability without measure either of his time or his personal convenience. We also express our appreciation of the faithful service of Mr. Walton, in his capacity as trustee, and for the energy and care he has shown in the collection and disbursement of the funds.

26. The Committee present this report of their work, and hereby call a meeting of all the subscribers to the Reservoir fund at the Court House on Tuesday evening, February 17, 1920, at 7:30 o'clock, to hear the report of the Trustee, to hear the finan-

cial plan proposed by Mr. Bellatti, and to take such action as may be deemed best.

ILLINOIS COLLEGE NOTES

The Student Y. W. C. A. gave a Candle Light service at Academy Hall, Monday afternoon at 4:00 o'clock. Mrs. Langton, the girls' Y. W. C. A. counselor conducted the very interesting services.

The Illinois College freshmen are expecting to debate the Knox College freshmen sometime during the coming months. The subject for the debate with Knox will be: "Resolved, that military training be compulsory for undergraduate men in all colleges and universities." The preliminary tryout for the Illinois College teams will be held Tuesday evening February 24th at 8:00 o'clock in the chapel. The applicants will be divided into the affirmative and negative and the tryouts will proceed like a regular debate. The judges will be

Professor Ames, Dean Hayden, and Assistant Dean Swift. Knox College is noted for its good debating teams and Illinois College boys look forward to a good fight. Announcement of the debate with Knox will be made later.

Several Illinois College people went over to Springfield Monday evening to hear the St. Louis Symphony Orchestra; among them being Miss Adelle E. P. McQuiston, College librarian, Miss Mabel Forrester, Mr. Clarence John, ex-22 and Professor Edmund Manger of the Conservatory of Music.

Mrs. Rachel Jerald Rose, a former Conservatory of Music graduate was the guest of Miss Mabel Forrester at Academy Hall, during the week. Miss Alma Forsythe was also a visitor at Academy Hall during the past few days.

A number of former students have registered during the past week for the second semester among them, John W. Corrington, ex-21, Lloyd Cully ex-20, Frank Caldwell ex-20, Lucille Bennett ex-22, and Howard D. Filbrun ex-20.

Miss Rena Cheney ex-20 who has been very ill at her home in the city is able to be on the campus again.

Remember also that we are headquarters for all Poultry Supplies, Clover, Timothy, Blue Grass, Alfalfa, Alsike and other seeds. We are enlarging our line of merchandise every day now and may have just what you need. We therefore solicit your spring trade, guaranteeing you satisfaction in every way.
